### WHAT SHE SAW CHANGED EVERYTHING

Unplanned is the story of Abby Johnson's journey of transformation. As the youngest Planned Parenthood clinic director in the nation, she was involved in countless abortions and counseled countless women about their reproductive choices. She became a spokesperson for Planned Parenthood, fighting to enact legislation for a cause she deeply believed in, until the day she saw something that changed everything. Abby joined her former enemies at 40 Days for Life, and became one of the most ardent pro-life speakers in America.

St Stephen the Martyr Respect Life Ministry has a license to show this movie.
