Is an international, interdenominational prayer and fasting vigil that takes place simultaneously in cities around the world.

Is 40 Days for Life only about saving the unborn?

The intentions of the vigil prayers are for:

- The lives of the unborn and the end of abortion worldwide
- Families to find the support needed to choose & sustain life
- Our communities to have the support families need
- Abortion workers to find better uses for their medical skills

Does Winston-Salem have viable support for families facing crisis pregnancies?

- Yes! Our area has 5 pregnancy resource centers and a maternity home that offer high-quality, wrap-around support and connect clients with other local resources they may need.

Why drive all the way there to pray?

- This is the closest abortion clinic to many towns
- Praying on the sidewalk (1) provides a public testimony to truth about life, (2) provides a friendly face to any women looking for hope, a sign, or a last chance to change their minds, (3) has produced as high as 75% no-show rate at abortion clinics. PLUS, (4) it is a chance to grow in humility and think more of others than ourselves, and (5) it takes effort to get there, which increases the sacrifice we are offering to God.
