

**If you object to gender transitions for teens, or abortion, please consider getting care elsewhere.**

You can do better

**It's rare that a Doctor, Nurse or even a Medical Practitioner will be treating you at an abortion clinic. Broader services are usually available at Federally Qualified Health Centers.**

You can do better

**All services are free at the listed local pregnancy centers. Low cost quality services are available at numerous Federally Qualified Health Centers. See the resources on the reverse side.**
