

## Character Ink 2019-2020 Cottage Classes

Character Ink (CI) is announcing a tentative class offering list for the next school year for all three of our locations. Please note that the classes will be offered based on enrollment as of July 1<sup>st</sup> (for first semester) and November 1<sup>st</sup> (for second semester), so if there is a class that you want CI to run, please be sure to register early to be sure that class is full enough.

Registrations are on a first come-first served basis. A deposit of **\$50 per student** (regardless of number of classes) is required with the registration form in order to hold class spots for a student. Students will be invoiced at the beginning of each semester with monthly payments as needed.

You may see the full schedule, prices, descriptions, and forms at our blog: [www.characterinkblog.com/cottage-classes/](http://www.characterinkblog.com/cottage-classes/) (See Cottage Classes.) You may also request a registration form by e-mailing [characterink@gmail.com](mailto:characterink@gmail.com) .

Character Quality Language Arts (CQLA), Spanish, Apologetics, and science classes are two semesters long, sixteen-seventeen weeks per semester. Students registered for CQLA, languages, and/or science classes are committing to one full semester with the option of continuing on during the second semester (which nearly everybody does). All other classes are one semester classes.

If you are registering for CQLA after July 1<sup>st</sup> or you have questions about levels, please contact Ray at [260 450-7063](tel:2604507063). Returning CQLA students may be moving up to a new level. Please contact Donna (260-433-4365) for advice on CQLA and composition placement for returning students.

Please realize that our classes are heavily academic (i.e. not extra curricular or club-like). Please note sports and other class conflicts before registering.

CQLA students' complete language arts homework requires 30 mins (for Level A), 45 mins (for Level B), and 60 mins (for Level C) of homework four days a week (non class days); other classes require 30 mins a day for homework. Suggested grades are given for all high school classes via grading sheets periodically throughout the semester.

Note: All CQLA and *Meaningful Composition* books have samples available at our blog: CQLA samples--<http://characterinkblog.com/cqla-samples/> MC samples--<http://characterinkblog.com/mc-samples/> If you desire to see whether your student would fit in a certain level, you may want to consult the samples. You may also talk to Donna about your student's level.

**CQLA C**— (two semesters; please commit to one full semester)

For students at a 9th-12th grade writing level; complete language arts, including copy work, vocabulary, spelling, comprehension, grammar, usage, editing, prewriting, composition and creative writing. Students may count each semester of this as one semester of high school English/Composition as far as high school credits are concerned.

**CQLA B**— (two semesters; please commit to one full semester)

For students at a beginning 6th to 8th grade writing level; complete language arts, including copy work, vocabulary, spelling, comprehension, grammar, usage, prewriting, editing, composition and creative writing. Note: Upper level students may count each semester of this as one semester of high school English/Composition as far as high school credits are concerned.

**CQLA Level A / Pre A**— (two semesters; please commit to one full semester)

For students at a 4th-6th grade (Pre A grades 2<sup>nd</sup>-3<sup>rd</sup> with fewer small motor skills) writing level; complete language arts, including copy work, vocabulary, spelling, comprehension, grammar, usage, prewriting, editing, composition, creative writing, and dictation.

**Anatomy**—(two semesters; please commit to one full semester)

High school students using Apologia's Human Body – Fearfully and Wonderfully Made book 2<sup>nd</sup>

edition will learn the concepts of Anatomy and Physiology for two semesters of high school science credits. Many class experiments to solidify your understanding and learning. The class included lectures, lab experiments, dissections and much more. Limited space. Prerequisite: High School Biology.

**Chemistry**— (two semesters; please commit to one full semester)

High school students Using Apologia's Chemistry book 3<sup>rd</sup> edition will learn the concepts of chemistry for two semesters of high school science credits. Many class experiments to solidify your understanding and learning. Space is limited, and the maximum number will be firm this year. Prerequisite: High School Biology and Algebra.

**Biology**— (two semesters; please commit to one full semester)

This class will fill up quickly—two semesters of high school credits for science. Labs, tests, lecture, and more. Complete biology course for students working at a high school level in science using Apologia's Biology 2<sup>nd</sup> edition book. Limited space, and the maximum number will be firm this year.

**Spanish I**— (two semesters; please commit to one full semester)

This class, appropriate for high school foreign language credit, will cover basic conversation, grammar, and an introduction to Latin American and Spanish cultures. Will be taught by Kayla Reish, who has had four semesters of college Spanish and has used the language in foreign mission work as well as in her nursing work in Texas. This class will dovetail into a Spanish II class the following year to provide two full years of high school Spanish (if desired).

**Spanish II**— (two semesters; please commit to one full semester)

This class, appropriate for high school foreign language credit, will cover basic conversation, grammar, and an introduction to Latin American and Spanish cultures. Will be taught by Kayla Reish, who has had four semesters of college Spanish and has used the language in foreign mission work as well as in her nursing work in Texas. This class is a continuation of last year's Spanish I to provide two full years of high school Spanish (if desired).

**High School Essays / Timed Essays** – 1 semester

This class, using Donna and Joshua's new high school books, *Essays Only and Timed Essays*, walks high schoolers who have written multi-paragraph papers through the entire essay process—Five Paragraph Essays, 1-3-1 Essays, detailed quotation use, writing with literature and historical examples, persuasive writing, our signature ADVANCED Checklist Challenge, Donna's 3 P's of Persuasion, and much more. This class equips students for SAT/ACT Essays, contest writing, other timed writing situations (by the end of the class), and much more.

**High School Four Research Reports**— 1 semester

This class will take high school students who are accustomed to writing eight to twelve paragraph reports deeper into report writing in an incremental format. This book uses our signature "Overview Source" method with every step of the research process laid out for the student. Students will use MLA citation methods and will learn to create Works Cited, bibliography cards, outlining cards, formal outlines, and much more. This class prepares students for college research writing and uses Joshua and Donna's updated-for-upper-levels *Four Research Reports* book. This is one of our most popular classes and usually fills up quickly—and has limited space due to editing demands.

**Jr Hi Science – Physical Science** — (two semesters; please commit to one full semester)

Labs, tests, lecture, and more. Complete science course for junior high students in science using Apologia's Exploring Creation thru Physical Science 2<sup>nd</sup> edition book. Learn the beginning of Biology, Chemistry, Physics and more. No prerequisite.

**Jr Hi Math**— (two semesters; please commit to one full semester)

This class will utilize Saxon math books 6/5, 7/6, 8/7, and Algebra ½ to teach all math concepts. Students will have weekly assignments at their appropriate grade level. Placement tests can be given to insure each student is in the correct level.

**Algebra 1**— (two semesters; please commit to one full semester)

This class will utilize Saxon math book – Algebra I to teach all math concepts for this course. Students will have weekly assignments / tests to insure all Algebra concepts are learned. This is a high school level class. A Placement test can be given to insure a student is ready for this class.

**Apologetics**— (two semesters; please commit to one full semester)

Kayla will utilize her two master degrees - Masters in Church History and Masters of Divinity (will receive May 2019) – to teach high school students a Christian Worldview. Students will be challenged to understand what they believe and why they believe it. Most of the books used in this class can be found in the library.

**American History**— (one semester)

This high school level class will focus on the founding of America and all the trials and triumphs through today. The class will utilize many source books and other materials previously written by Joshua Reish. The class will contain lectures, some writing, and much discussion.

**American Literature**— (one semester)

This class will focus on great American Literature. The class will consist of much reading, literary analysis, written reports, and much discussion. This will be a high school level class and may contain some adult themes. Great care will be taken to insure the class isn't offensive.

**Economics**— (one semester)

This high school level class will cover both micro and macro economics. No text book will be used. The materials studied will be based on handouts, on-line sources, current events and various power point presentations. By the nature of this class, it will be a very good overview of all business classes – marketing, management, accounting, advertising, etc.

**Open**— (various)

We have left openings in our schedule to add classes that you (the parents or students) would like this year. If there is anything that you would like us to offer, just call 260 450-7063 and we will see if we can work it into the schedule for you. First come, first served. This additional classes will need to be determined by June 1<sup>st</sup>.
