

Which Of These Neuropathy Symptoms Do You Suffer From?

If You Suffer From A Single One Of These Torturous Symptoms –
NUMBNESS, TINGLING OR SHARP NERVE PAIN

– THEN THE FACTS BELOW MAY BE THE MOST IMPORTANT YOU HAVE EVER READ IN YOUR LIFE!

Neuropathy affects every part of your life -- walking, sitting, and even sleeping.

Maybe you've had multiple tests, only to find out no one has any idea what you have. Maybe you've even been put on a drug with heavy side effects.

Do you have any of the following symptoms...

- Pins and needles feeling
- Numbness in the hands or feet
- Tingling or burning sensations
- Weakness in the arms or legs
- Sharp shooting or burning pains

If so, you may have a condition called peripheral neuropathy.

We are BUZEK CHIROPRACTIC CLINIC. We've been helping people with neuropathy and nerve problems for 16 years.

More than 2.5 million Canadians suffer from peripheral neuropathy, a problem caused by damage to the nerves that supply your arms and legs.

This painful condition interferes with your body's ability to transmit messages to your muscles, skin, joints, or internal organs. If ignored or mistreated, neuropathy can lead to irreversible health conditions.

Why not get help by those trained to correct the major cause of peripheral neuropathy?

Data from the National Board of Chiropractic Examiners' Job Analysis of Chiropractic lists arm and leg neuropathy as the second most common nerve problem treated by chiropractors.

Often neuropathy is caused by a degenerating spine pressing on the nerve roots. This can happen in any of the vertebral joints from the neck all the way down to the tail bone.

THE SINGLE MOST IMPORTANT SOLUTION TO YOUR NEUROPATHY

By using gentle techniques, we are able to release the pressure that has built up on the nerve. This allows the nerve to heal and the symptoms to go away.

Numerous studies have proven chiropractic's effectiveness in helping nerve conditions...

"Chiropractic adjustments, with or without exercise, improved symptoms more than medical care did after both 3 and 12 months."

– British Medical Journal

Patients showed an 85.5% resolution of the nerve symptoms after only 9 chiropractic treatments. - Journal of Chiropractic Medicine 2008

With chiropractic care, patients had *"significant improvement in perceived comfort and function, nerve conduction and finger sensation overall."*

– JMPT 1998

"Significant increase in grip strength and normalization of motor and sensory latencies were noted. Orthopedic tests were negative. Symptoms dissipated." – JMPT 1994

What these studies mean is that with chiropractic care, you could soon be enjoying life...without those aggravating nerve problems.

Here are just a few examples of patients that have had great changes in their health after starting chiropractic care.

"I had pain running down into both of my legs. I couldn't sleep, walk or roll over. My pain is completely gone now and my flexibility has returned as well!" ~ Elizabeth.B. (Nurse)

"I was scheduled for carpal tunnel surgery before trying chiropractic. Not only was I able to avoid having the surgery, but now I have zero pain in my hand!" ~ Ronald .K. (Manager)

"I have been on pain meds since 1995. I have seen many chiropractors, physical therapists and medical physicians. After 3 weeks, I am pain free and off all pain meds!" ~ Reg. B.

CHIROPRACTIC

“Are you one of the thousands of people in Essex County without a Medical Doctor?? Then you need to read this!!”

Hi, I am Dr. Peter Buzek. By now most of you know me either from my annual Toys For Tots and Salvation Army Christmas Toy Drive, my Best-Selling book –“The World’s Best Kept Health Secret Revealed”, our local health empowerment lectures, our business Lunch and Learn Workshops or our local news and wellness columns. What you may not know is that for many of my patients **I am their only doctor!** That’s right... they see me for many of the reasons they used to see their medical doctors for... headaches, neck pain, low back pain, sore muscles, pinched nerves, numbness or soreness in their arms and legs, arthritis pain, fibromyalgia, fatigue, bedwetting, ear infections and many more conditions that chiropractic can help. They even come in to prevent colds and flus and just to increase the quality of their life.

You see, chiropractors today have an education that is equivalent to most medical doctors education in the classroom hours of anatomy, physiology, biochemistry, x-ray, etc. Where the two educations differ vastly is that medical doctors focus on medications and their many potential side effects in an attempt to mostly treat symptoms. In fact, much of a medical doctor’s day is spent writing prescriptions and getting people to take drugs. All of my day is spent **finding and treating the cause** of my patients’ problems, which then often allows them to reduce or even get rid of their medications! You see, chiropractic actually seeks the cause of your problem instead of covering it up with drugs and their many dangerous side effects. The millions of people who see chiropractors frequently report **increased energy, decreased stress, better sleep, have less hospitalization, need less surgeries and have less sick days from work.**

Do not misunderstand me.... If I were in a car accident tomorrow I would want to go straight to the emergency room and have them piece me back together and use medication temporarily to help me through that crisis. That is where modern medicine shines.

But if you are sick and tired of being sick and tired, or you have a health problem that you just cannot seem to shake, you may need to see a chiropractor. Now taking care of your health shouldn’t cost you an arm and a leg, which is why I am offering to you my initial examination for only \$37.00, which includes in my office: surface-EMG testing, dermathermography, range of motion computer assessment, pain measurement, pulse wave profile which measures the variability of your heart rate, postural and weight balance assessment, chiropractic palpatory examination, and a private consultation... the whole ball of wax, and you will not be obligated to any further treatment. From this examination you will discover the true health of your spine and nervous system. You will be given a score out of 100 revealing how healthy you truly are. There is no other technology like this; this cutting edge technology has the approval of NASA. If yours is not a chiropractic case I will refer you to the appropriate health care professional immediately. In fact here are just a few examples of what local people are raving about with chiropractic:

Chiropractic care has changed my life. It has renewed, strengthened, and given new direction to my health. – S.B. (ESSEX)

Chiropractic care has changed the lives of my whole family; we are all healthier, happy and well adjusted! – Robin (KINGSVILLE)

I have been plagued with headaches my entire life, I tried chiropractic for my low back problem and it has been corrected as has my headaches of 40 plus years!!! Why wasn’t this told to me years ago, so I didn’t have to suffer needlessly? Thank you chiropractic for giving me freedom in my life. – H.F. (WHEATLEY)

I thought that I was healthy and had no problems. But after I had my Neuro-Spinal Functional Index Examination, it revealed that my spine and nervous system was being severely stressed. My exercising and running were actually doing me more harm than good. Once I got under regular Chiropractic care my life turned around considerably. I could see and feel the difference because my body is now able to handle the stresses of daily life. I actually can see the differences in my workouts and in my life. I have more energy and have a better quality of life. Thanks for waking up my skepticism and letting me experience life as it was intended. – A.G. (LEAMINGTON)

My child normally gets ear infections 1-2 times per month and she has to be on antibiotics most of the year because of this. It is a vicious cycle that has been going on for 3 years now. Her M.D. even suggested putting tubes in her ears. I heard chiropractic could help with ear problems, so I tried it. My daughter has not had an ear infection in 6 months since she started getting adjusted. Amazing, truly amazing. Thank You Chiropractic for helping my daughter. - J.F. (LEAMINGTON)

You will also get my **health empowerment workshop valued at \$65.00 as a bonus** and if you are one of the **first 15 callers** you will receive an autographed copy of my Best-Selling book, “**The World’s Best Kept Health Secret Revealed**”, a value of \$ 22.95. That is a huge savings for a short time only.

My promise to you is that you will **only pay \$37.00** for all of this and not a penny more if you are one of the **first 20 to call and you call before November 18, 2011.** (These complete and thorough exams take approximately 45 minutes of our team’s time so space is limited.) There is no obligation to begin care with this offer. If after your initial visit you are not completely satisfied with the quality of our service and commitment to your health, we **will refund your \$37.00 completely.**
