

# Patient Care Progress Report

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Our goal is to offer the very highest quality patient care possible. Would you help us by responding to these questions about your progress?

Changes often happen quickly during Initial Intensive Care as your body begins the natural healing process. Many patients neglect to tell us about them. Here's a way you can help us help you:

## CARE

1. What changes have you noticed since beginning care?

Positive changes:

Negative changes:

2. On a scale of one to ten, rate YOUR level of improvement (in terms of your symptoms).

No change

Major change

1    2    3    4    5    6    7    8    9    10

3. On a scale of one to ten, rate the level of improvement of your spine so far.

No change

Major change

1    2    3    4    5    6    7    8    9    10

4. Would you say your improvement is

Progressing at the speed you expected    Taking longer than expected    Occurring much faster than you expected

5. Do you think you could adequately describe the difference between Initial Intensive Care and Reconstructive Care?

\_\_\_\_\_ Yes \_\_\_\_\_ No

6. Are there other areas of care that you would like additional information?

## STAFF

7. What is a subluxation?

8. How would you rate the concern shown by our staff?

Uninterested

Deeply concerned

1    2    3    4    5    6    7    8    9    10

9. How would you rate the training, qualifications and competency of our staff?

Unorganized  
unprepared

1

2

3

4

5

6

7

8

Efficient and  
knowledgeable

9

10

10. Is there anyone who has been especially helpful?
11. We are always striving to improve the quality of your care. What way would you change the staff, office or procedures in order to improve your care?
12. What do you like most about our office?
13. We strive to fully inform our patients about their care and explain Chiropractic and their health. How would you describe our educational efforts?
- Excellent, I've learned a lot                       Still leaves some questions unanswered
- Helpful and interesting                               Could be significantly improved
- Waste of patient's and staff's time

### SUPPORT

14. Children could avoid many problems if they had chiropractic care. Would you like the opportunity to bring in your children?  
\_\_\_\_\_
15. What kind of comments have you heard from your friends or family when you've told them about seeing a chiropractor?
16. What has been your greatest difficulty when explaining Chiropractic and what we do to others?
17. As with all private professionals, our practice is built upon referrals. We expect you to tell others who are not healthy or want to maximize their health about Chiropractic. Please list their names and we will discuss with you how to best inform them that they have a health care choice.
- Name: \_\_\_\_\_ Address: \_\_\_\_\_
- Name: \_\_\_\_\_ Address: \_\_\_\_\_
- Name: \_\_\_\_\_ Address: \_\_\_\_\_
18. If you are a member of a service group, would you like your Doctor to present a complimentary public service program on chiropractic and the benefits of care?  
\_\_\_\_\_
19. Please mention any other general comments about our office:
