

FY 2019 RESIDENTIAL REDEVELOPMENT PROGRAM

The City of Farmington is pleased to present the newly established *FY 2019 Residential Redevelopment Program*. This is an exciting opportunity for the City to provide one-time grants to residential property owners who own property within the Farmington Tax Increment Financing (TIF) District Redevelopment Project Area.

The *FY 2019 Residential Redevelopment Program* is offered to residential property owners making improvements to the exterior only of existing homes and residential property within the Farmington TIF District Residential Redevelopment Project Area. The City of Farmington will reimburse qualified applicants up to 75% of total approved and verified project costs, or an amount not to exceed \$2,000.00, whichever is less. Grant awards are to be paid as reimbursements for TIF eligible project costs that relate only to exterior structural/property improvements on residential property located within the Farmington TIF District Redevelopment Project Area (copies of the TIF District boundary are available at City Hall). Eligible project costs include those costs incurred by the applicants for the *exterior* repair, renovation or rehabilitation of existing residential dwellings.

These types of improvements include the following:

- Window repair/replacement
- Siding repair/replacement
- Repair/addition of porch, steps, ramps and other similar ADA compliant amenities
- Roof repair
- Demolition of garages, sheds or other significantly deteriorated/dilapidated structures
- Dead tree removal, particularly as related to potential encroachment on buildings or risk of property damage
