Permission for publication of patient information in *Respirology*

This form must be completed and signed by the patient or their legal representative and kept by the corresponding author or the treating institution with the patient’s records.

Name of patient described in the article or shown in photograph or video: __________________________

Article Title: ______________________________________________________________

Corresponding Author: _________________________________________________________

I ____________________________ [insert full name] give my consent for the information and/or photograph and/or video presented in the article detailed above about MYSELF/MY CHILD OR MY DEPENDANT/MY SPOUSE/MY RELATIVE [circle appropriate or delete as needed] to appear in *Respirology* and associated publications.

_I have seen and read the material to be submitted to Respirology._

I understand that:

- My/the patient’s name will not appear anywhere in the article or photograph or video and the authors of the article will make every effort to ensure my/the patient’s anonymity. I understand, however, that complete anonymity cannot be guaranteed.

- In some cases the article might require publication of a photograph or a video that can identify me/the patient. In this circumstance I have discussed this with the authors and agree to its publication.

- The text of the article might be edited before publication (for style, grammar or length for example).

- If the article is accepted it will be published in *Respirology*, which is distributed worldwide and will also be placed on the Journal’s website and Journal’s social media platforms.

- Once the article has been accepted for publication, I cannot revoke my consent.

Signature: __________________________________ Date: _______________________

Name: _________________________________________________________________

Relationship to patient (if not the patient): __________________________________

The author or treating institution must keep the original form completed and signed by the patient or their legal representative.
