

Product Specifics

Deccan International's custom-built software tools help Fire and EMS services use data to effectively manage daily tactical decisions and take the guesswork out of long-term planning decisions. Some product solutions include:

- **ADAM:** Predictive modeling for data-supported decision-making
- **LiveMUM:** Efficient, tested move-ups and situational awareness
- **BARB:** Streamlined run-card building, major event pre-planning
- **DiVa:** Quick run-order access for dispatch during CAD outages
- **ARI Simulator:** Evaluate dispatch policies before going live

NPPGov

NPPGov is a national cooperative procurement organization based in Seattle, WA offering publicly solicited contracts to government entities nationwide. Our contracts are created through a public solicitation by a Lead Public Agency. Access to our cooperative contracts is free and there are no purchasing obligations.

Benefits of cooperative contracts:

- Competitively bid, no additional RFP necessary
- Saves time and money in your procurement process
- Live contract support
