

For Immediate Release

## **RE/MAX Celebrates “Month of Miracles” in honor of the Children's Miracle Network**

I'm personally honored to have witnessed the profound impact RE/MAX agents have made on our hospitals over the past two decades. “There is a clear reason to celebrate, and we at Children's Miracle Network Hospitals have an even bigger reason to recognize your fundraising efforts. Since 1992, RE/MAX Associates have donated more than \$115 million to our member hospitals across the U.S. and Canada. That's a truly amazing collective effort, and the results are evident in hospital operating rooms, trauma wards and rehabilitation centers from Tampa to Toronto” boast Marie Osmond, Co-founder of CMN.

Last year alone, more than 11,000 North American agents participated in the Miracle Home program. In addition, agents also hosted a variety of community fundraisers – everything from bake sales to golf tournaments and even home lotteries. No matter the method, one constant remains: The commitment to hope and healing is inspired and inspiring.

Because of RE/MAX Miracle Agents, more children are returning home healthy. On behalf of our 170 member hospitals and the millions of courageous and inspiring children they treat each year – thank you, RE/MAX! We at Children's Miracle Network Hospitals look forward to celebrating and recognizing your efforts all month long.

Sincerely,

A handwritten signature in black ink that reads "Marie". The signature is fluid and cursive.
