RE/MAX Town Centre's Flagship Office Wins Golden Brick Award

The Golden Brick Award was awarded to RE/MAX Town Centre for the remodel of its Flagship Office located at 330 E. Central Blvd in the heart of Orlando. The entire building was given a face lift, which included a new color pallet, landscaping, interior finishes and technology that will connect us into the next century. This new contemporary "City" look of the downtown state-of-the-art facility is part of the re-branding strategy of the organization, which is celebrating its 10th year in Orlando. "It's an amazing space to work in," said Charlie Orden, "We want to create a futuristic atmosphere where agents and clients felt as though they'd just stepped into a world of its own. We called upon Ron Pedonti of Pedonti and Associates to put his design and creative eye to work. We combined cobalt blue and LED lighting with pure white and brushed steel accents to create a "22nd Century" environment. "The entire office glows! It's about as far from ordinary as we could get."
