

RE/MAX Town Centre Manages Over 500 Properties

RE/MAX Town Centre, a leader in property management, just signed its 500th residential property to Lease and Manage. As one of the 6 divisions that RE/MAX Town Centre has within the organization, the residential leasing and property management division has been the fastest growing sector of the company with expectations of managing 600 properties by the end of 2013 and over 1,000 properties throughout the state by 2015. With so many investors buying up value priced inventory, there was a growing need for us to expand our Residential Property Management Division. The increase has come due to our international outreach to market and sell homes to Canadians, Europeans and South Americans. "Today, approximately 50% of all of the owners that we manage properties for don't live in the United States", says Renee Burrus, Director of Property Management.

Renee Burrus, Director of RE/MAX Town Centre Property Management Division has grown the division from 34 properties to over 500 condos, town homes and single family homes throughout Florida. RE/MAX Town Centre has stretched a little further and now manages properties in Daytona Beach, West Palm Beach, Ft. Lauderdale and Miami as part of the outreach program of our Builder Service Division's International Sales. "It all makes sense", say Orden, CEO-Broker of RE/MAX Town Centre. "Since we represent 16 properties for builders and developers throughout Florida, servicing our investors property management needs throughout the state is a "Win Win" for everyone". RE/MAX Town Centre's ONE STOP SHOP of properties and services to support the initiative makes sense!"
