DISASTERS DO HAPPEN!

The Colorado Chapter of the International Code Council has trained and field-tested inspectors and plans examiners willing to assist your jurisdiction at the time a local disaster stresses your manpower response potential.

Chapter capabilities:

>conduct primary assessment of residential and commercial properties for local jurisdiction as to placarding of structures for extent of damage and repairs required, and compile data for each damaged structure; data given to jurisdiction daily,

>provide electrical, plumbing, and mechanical inspectors for field verification of reconnection of water, sewer, and electrical services,

>provide experienced field inspectors to local jurisdiction to interact with citizens in the affected areas, to explain the permitting process, and answer questions,

>provide plans examination, building permit issuance, and field inspection personnel to local jurisdiction during reconstruction phase.

Please contact Larry Trumble Chair of the Disaster Mitigation Committee 2012 of CCICC for further information at 303-538-7286 or larry.trumble@cityofthornton.net.
