

COLORADO CONSTRUCTION CAREER DAYS

The Colorado Chapter of ICC participated with the Colorado Construction Career Days for many years. In the past the Chapter has sponsored a booth and provided important information on

- building codes
 - jobs in the building safety profession
 - cases for students to work through
- Code Officials enjoy volunteering as group leaders and taking students around to the educational booths.

What is Colorado Construction Career Days?

This is a yearly event sponsored by the industry for high school juniors and seniors to be exposed to a wide variety of careers available in the construction field.

Colorado Chapter of ICC

The Colorado Chapter of ICC is a non profit organization comprised of code officials, contractors, architects, engineers, industry, manufacturers, representatives of the trades and other organizations.

The Colorado Chapter of ICC is dedicated to the improvement of building safety, by promoting and improving the International Codes, educating the building industry, public, and our membership, and providing mutual aid to building professionals.

INVESTING IN THE FUTURE

Building Futures Committee

COLORADO CHAPTER
INTERNATIONAL CODE COUNCIL
DEDICATED TO SAFETY SINCE 1953

Building Futures Committee

The Colorado Chapter of ICC created a committee with a mission of reaching out and empowering the next generation of code officials and construction professionals.

The Building Futures committee is opening doors and encouraging active involvement from the membership of the Colorado Chapter of ICC and the construction industry.

The Committee is dedicated to providing education about building construction, the International Codes, and building safety.

**We want to shape the future,
and in doing so we look
forward to our own.**

The Building Futures committee is creating opportunities for those interest in the construction field by doing the following.

- Connecting people who are interested in construction with participating companies for mentorship, internships or jobs
- Providing a model internship program for building departments.
- Assisting with School Districts
- Offering a program for students to obtain ICC certifications
- Create a code book depository to assist participants with ICC certifications
- Participation in High School Career Days
- Participation in Job Fairs

WE WANT YOU!

We are looking for companies, jurisdictions, and individuals who would like to participate in these programs. If you would like to participate please fill out a contact form which is available on our website at www.coloradochaptericc.org/committees/building-futures/
