Charlie Davis, Town of Eagle

Thursday, August 20, 2020

8:00 - 8:20 Registration

8:20 - 8:30 Introductions

8:30 - 10:30 **Wood: Fire Hazard & Fire-Rated Construction. Mike Eckhoff – Hoover Treated Wood Products & Thomas Meyers – Building Intuition, LLC.** This seminar will consist of two parts: Fire-rated construction basics and application of fire-retardant-treated wood (FRTW). The first component will explore the use of wood in fire-resistance-rated construction. This segment will include discussion on why the code requires fire resistance and where it is required for wood construction. The discussion will address different fire resistance assemblies, their normal construction under the IBC, and issues arising in plan review and field inspection.

10:30 - 10:35 Break

10:35 - Noon Wood: Fire Hazard & Fire-Rated Construction cont.

Noon - 12:30 Lunch Break

12:30 - 2:00 Colorado Chapter ICC – Business Meeting – The Honorable Scott Greer, President of the Colorado Chapter ICC presiding.

2:00 - 2:10 Break

2:10 - 3:15 **Wood: Fire Hazard & Fire-Rated Construction** - The second component will provide an interactive lecture on FRTW, supported by short videos and historical case studies. Course participants will learn about FRTW's history, manufacturing, durability, and its performance compared to steel and concrete. Code applications and plan review/field compliance strategies will be emphasized. Fire hazards posed by the wildland-urban interface will comprise the final segment.

3:15 - 3:25 Break

3:25 - 4:30 Wood: Fire Hazard & Fire-Rated Construction cont.

The Colorado Chapter of the International Code Council is dedicated to the improvement of building safety, by promoting and improving the International Codes, educating the building industry, public and our membership, and providing mutual aid to building professionals.

SUMMER PICNIC – ONSITE

Bring your family and enjoy time outside of class with your fellow code geeks!

Friday, August 21, 2020

8:00 - 8:20	Registration
8:20 - 8:30	Introductions
8:30 – 10:30	Deck Inspection & Plan Review. Glenn Mathewson – Building Code College. Previously not specifically addressed in the code, residential decks have seen tremendous attention in the last few IRC editions. Generally thought of as simple structures and often constructed by ill-prepared homeowners or new contractors, the truth of their nuances is now clearly revealed in the recent standards. This course starts with a common under-detailed plan submission and walks through all aspects of the load path from the decking to the foundation. Useful for plan reviewers, inspectors, and contractors and taught by a former deck builder turned inspector who contributed to the creation of nearly all the new provisions. Abandon the guesswork of deck code compliance relied on in past years and get up to speed on how the IRC now provides for these common structures.
10:30 - 10:35	Break
10:35 - Noon	Deck Inspection & Plan Review cont.
Noon - 1:00	Lunch Break
1:00 – 2:20	Deck Inspection & Plan Review cont.
2:20 – 2:30	Break
2:30 – 4:00	Deck Inspection & Plan Review cont.
