 Free Parking

**Exhibitor Booth Dates of Operation:**  
**March 7<sup>th</sup> – March 9<sup>th</sup>**

We are excited to invite you back to Loveland. This new site in 2020 was an enhancement for exhibitors. Don't miss this chance to showcase your company's products or services to a key audience in this great venue. The CCICC Institute is one of the top education institutes in the country and received the ICC educator of the year award in 2015. This weeklong training program, offering continuing education units and professional development units, attracts building and fire department personnel, as well as contractors, engineers, architects and design professionals from across the country.

An average of 1750 students from 26 states register for classes each year with a daily attendance of more than 832 participants. New students arrive daily and to maximize traffic; morning coffee, afternoon soda and daily drawings are held in the exhibit area. The exhibitors will be down hallways located right outside the training rooms maximizing traffic.
