

SAMi for Remote Patient Monitoring (CPT #99091)

SAMi for Remote Patient Monitoring

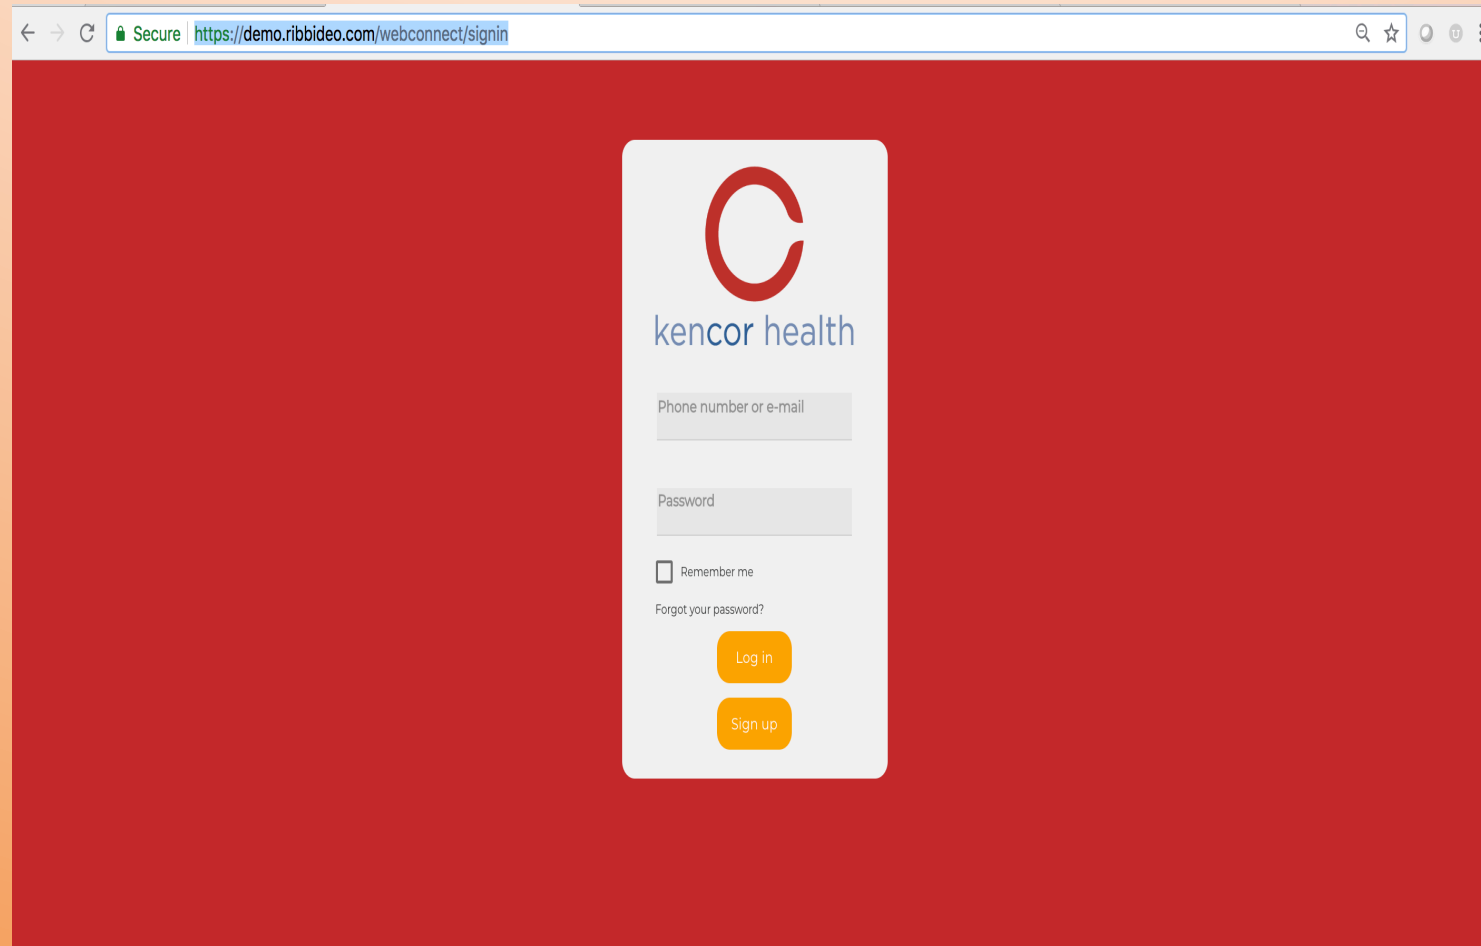

Where do I start?

We are glad you have chosen Kencor health SAMi platform for your clinic.

- Step 1 - Get to know SAMi Care
- Step 2 - Now you know how it works, add others
- Step 3 - You are ready. Now start patient enrollment

STEP 1 : SAMi Care

WEB URL : <https://demo.ribbideo.com/webconnect/signin>

The screenshot shows a web browser window with the URL <https://demo.ribbideo.com/webconnect/signin>. The page has a solid red background. In the center, there is a white rounded rectangle containing the Kencor Health logo (a red 'C' with a gap) and the text "kencor health". Below the logo are two input fields: "Phone number or e-mail" and "Password". Under the password field is a checkbox labeled "Remember me" and a link "Forgot your password?". At the bottom of the white box are two yellow buttons: "Log in" and "Sign up".

Sami Care

Patient Summary

- Upon login you will see the Patient dashboard.
- Patients organized by alert type
- Top level menu

The screenshot shows the Kencor Health Patient Summary dashboard. At the top left is the Kencor Health logo. The user is logged in as 'Ramani'. The dashboard is titled 'Welcome!' and features a top-level menu with icons for home, messages, and a 'Log out' button. The main content area is divided into four quadrants by a grid, showing patient counts categorized by alert type and messages. Two callouts are present: 'Patient messaging' pointing to the messages icon in the top navigation, and 'Patient Billing Summary' pointing to the messages icon in the top navigation.

Alert Type	New	In Progress	Monitoring
Red Alert (1)	0	1	0
Yellow Alert (4)	3	1	0
Green (5)	0	5	0

Category	Count
Messages (2)	2
Patient	2
Care Team	0

Patient Details

- Patient level menu
- Patient generated health data (PGHD)

The screenshot displays the Kencor Health SAMi Care interface. At the top left is the Kencor Health logo. The top right navigation bar includes a user profile for 'Ramani', a home icon, a chat icon with a notification badge, a dollar sign icon, a document icon, and a 'Log out' button. Below the navigation bar is a secondary menu with icons for Billing, Notes, Dashboard, Timeline, Compliance, Data, Careplan, and Appts. The main content area is titled 'Alert! Data' and features a patient summary card for 'Chris Im'. The card includes a profile picture, name, phone number, billing minutes, pending tasks, and status. Below the card is a 'Reasons' section with a message about missing vital readings and a 'Dismiss' button. The 'Add vitals' section contains a table with columns for Vital, Latest, Baseline, and Last Taken, showing 'No data available'. At the bottom is a 'Questionnaires' section with 'Show All' and 'Current' filters.

Patient Timeline

- Patient interactions organized by time
- Click on the date bubble to see the detailed events

The screenshot shows the Kencor Health Patient Timeline interface. At the top, the Kencor Health logo is on the left, and the user's name 'Ramani' is on the right. Below the logo, the word 'Timeline' is displayed in a large blue font. A navigation bar contains icons for Billing, Notes, Dashboard, Timeline (highlighted), Compliance, Data, Careplan, and Appts. Below the navigation bar, a patient summary card for 'Chris Im' is shown. The card includes a profile icon, the patient's name, phone number '(650)714-2022', and billing minutes '1236'. It also indicates '4' pending tasks and a status of 'In Progress'. Action buttons for 'Authorize' and 'Change state' are visible. Below the summary card, an 'Events timeline' section displays a vertical list of date bubbles: '07.09.2018', '07.05.2018', '07.04.2018', and '07.03.2018', each with a dropdown arrow.

Communication and Collaboration

- Secure messaging between the care team and the patients
- Secure messaging between the care team members
- One touch calling

The screenshot displays the Kencor Health user interface. At the top, the Kencor Health logo is on the left, and the user's name 'Rajmani' with a home icon, a chat icon with a notification badge, and a 'Log out' button are on the right. Below this is a navigation bar with icons for Billing, Notes, Dashboard, Timeline, Compliance, Data, Careplan, and Appts. The main content area shows a patient profile for 'Vana White' with fields for Patient Name, Phone, Billing Minutes, and Today's Pending Tasks. The patient's name 'Vana White' is highlighted, and a call icon and a chat icon are circled with blue callouts. The first callout says 'Click here to open the chat rooms' and points to the chat icon. The second callout says 'Click here to call the patient' and points to the call icon. To the right, a secure messaging chat room for 'Vana White' is open, showing '0 Participants' and 'No messages in this group'. The chat room has a 'Patient' tab and a 'Care Team' tab. At the bottom of the chat room, there is a text input field with the placeholder 'Type a message' and a 'Clear' button.

Reasons

At least one question has not been answered since 05.28.2018

5/28/2018: Non compliance: Patient has not sent BP Systolic, BP Diastolic, BP Heartrate, Weight vitals.

5/31/2018: Non compliance: Patient has not sent BP Systolic, BP Diastolic, BP Heartrate, Weight vitals.

6/1/2018: Non compliance: Patient has not sent BP Systolic, BP Diastolic, BP Heartrate, Weight vitals.

6/2/2018: Non compliance: Patient has not sent BP Systolic, BP Diastolic, BP Heartrate, Weight vitals.

Type a message Clear

Do I keep track of the time spent on each patient?

SAMi automatically tracks the time spent on each patient.

- Patient Billing summary shows the time spent on each patient
- A complete breakdown details of the time for each patient can be viewed via Patient billing data screen

Sami Care

Patients Billing Summary

- Time spent on each patient data is tracked automatically
- Automatically resets upon reaching the end of billing cycle
