

Wellness Ministry • Office for Mission and Spiritual Care

Dear colleague in Ministry:

Greetings!

I am thrilled to share with you exciting and useful health and wellness related educational programs we will be offering at our hospitals, which will be of great use to your ministry. These educational topics will cover four focused areas: health, ministry with Veterans, substance abuse, and mental health.

To meet our audiences' needs we will offer them in small, interactive settings to maximize learning. A few of the topics will be delivered in a large, daylong seminars or symposiums. For all these events the seating will be limited, so I encourage you to register for the events as soon as possible.

Our team has worked diligently to select the topics. To maximize the best learning experience, each presenter will be an expert communicator and the best in the industry with years of experience. All events will be free of charge to the participants.

I encourage you to attend, as well as, communicate with your congregation about these events. We would love to see the people of faith joined together, building a healthier community.

Attached please find a list of upcoming events. Any promotion you could offer is greatly appreciated.

We are always here to listen and to serve. If you have any questions or suggestions regarding these events, please direct them to me or to Chaplain Suzanne Martinez, Coordinator, Congregational Outreach at Suzanne.martinez@advocatehealth.com.

God bless you.

The Rev. Fred Rajan
Vice President, Mission and Spiritual Care
Advocate Condell Medical Center
Advocate Good Shepherd Hospital
Advocate Sherman Hospital

National Healthcare Decision Day—April 16th

National Healthcare Decisions Day (NHDD) exists to inspire, educate and empower the public and providers about the importance of advance care planning. NHDD is an initiative to encourage patients to express their wishes regarding healthcare and for providers and facilities to respect those wishes, whatever they may be. The theme for 2016 is **"It Always Seems Too Early, Until It's Too Late."**
