

Office for Mission and Spiritual Care Presents—

Trends in Drug & Alcohol Abuse: What we know, and what we want to know!

Sign up Today—3 Part Series

Substance Abuse in Lake County

Learn the facts with statistics on the effects of drug and alcohol abuse in our community. These engaging series of discussions will provide the present-day realities that binge drinking, prescription drug abuse, heroin, and marijuana has in our community. Learn about the current programs of support and prevention and empowerment so you can make a real and positive change.

- **(October 1st) Underage Drinking and Marijuana**—Did you know that if you start drinking before 14 you have a 50/50 chance of becoming an alcoholic later in life? Learn more about how the Lake County Underage Drinking and Drug Prevention Task Force and its partners are working to combat underage drinking and Marijuana use.
- **(October 8th) Opioids and Prescription Drugs**—What can you do to help reduce prescription drug abuse, and why it's important, and what can we do to prevent it from getting worse.
- **(October 22nd) Heroin**—You read all about it in the newspapers, it seems like its exploding all over the country. Hear the facts, and the programs that Lake County is implementing to make our county one of the most progressive in the nation in terms of prevention.
