

CPA

(Certified Public Accountant)

ABOUT CPA

CPA is considered to be the most Elite profession & the Highest Qualification in the field of Accountancy. A CPA Examination is administered by the American Institute of CPA (AICPA). Most of the CPA's, having started their Career in accounting, can virtually work in any area of Finance like Assurance & Attestation, Financial Accounting, Analysis & Planning, Forensic Accounting, Income Tax, Regulatory Reporting, Merger & Acquisition and such other fields.

ELIGIBILITY FOR CPA

In order to appear for the Uniform Certified Public Accountant (CPA) Examination, the candidate has to be at least a Post Graduate, preferably from Commerce stream i.e. M.COM, MBA Finance etc.

There are states who accept B.Com with CA from ICAI as well. However, the exact criteria for the same will vary from state to state, you can get in touch with our executive for further details on the same.

EXAM SCHEDULING

EduPristine will help you with the Admission formalities Assistance on Evaluations ,Exam registration formalities.

Once your application is Accepted, you will receive a Notice To Schedule (NTS) which will let you sit for the exam at one of the Prometric Centre's in the U.S.

Indian Citizens can now appear for examinations at Middle East.

CAREER OPPORTUNITIES

- With more number of MNC's establishing in India and Indian companies going Global, there lies an opportunity for a person who understands the Foreign Accounting Principles & Standards and this makes CPA's one of the most sought after professionals in the field of Finance & Accounting.
- Within public accounting, you can work in areas such as audit, tax and management consulting, financial accounting and reporting, management accounting, financial analysis and treasury/cash management, financial forensics, business valuation, personal financial planning, and IT consulting.
- Average CPA salaries are 40% higher than the salaries for most of the jobs nationwide.

Bank Over 6500+ Multiple Choice
Questions & Over 250+ Task based
Simulations.

I enjoyed coming to Edupristine CPA Classes on every weekend. I learned a lot and it was a great experience that will help me be more successful in CPA Exams. I thought that one of the greatest things about the program was the small groups where you could be yourself and not be afraid to share your doubts with others. I choose to learn from the best. When it comes to coaching for CPA, Edupristine is that place- Their trainers are skillful, humble, passionate, teaching from personal real life experiences, and excited to show you the way. What they teach you will help you improve your concepts, not just during the course, but beyond and which ultimately help me to clear the most conceptual exam of CPA(US).

As an auditor aspiring to work outside of India I knew I needed an international qualification in order to be recognised abroad and grow professionally. My colleagues introduced me to Becker's study material and classes for US - CPA. I hence got in touch with EduPristine one of the few providers in India for Becker's study material. The faculty provided by EduPristine are qualified CPA's with international exposure by which we got an insight about work profile we might be looking into once in the global market. Their support team is very helpful and prompt in their response. The study material and practice questions provided by Becker was outstanding. I would recommend Becker and EduPristine to any exam candidate serious about taking the CPA exams.
