

Embodying the COSMIC ELEMENTS *ETHER*

13 Day Activation Series

Raquel SPENCER

Day 10

Transmission: 27:48

Music: [Subterranean Journey - Sean Maher](#)

As you master embodying the Cosmic Ether, the body circuitry upgrades. During this activation, every layer of your physical and energetic bodies undergoes a shift and reconfiguration.

Be aware of, yet unattached to, the physical sensations that may arise as you release lower frequencies of energy throughout your body. Simply be the observer and love yourself, free of any discomfort you may experience.

Physical sensations and quick jolts of energy may occur. This is perfectly normal for the level of rewiring that is happening. Most of the activation is music. Allow the music to support you as you “sit” in the space of your own cosmic ether or void.

Allow the waves of Light to penetrate deeply within your awareness. Allow the next level of your own unique frequency of Self Love to embody.

Breathe and remember that you are Love incarnate experiencing physicality within human form, and you are a master co-creator of Light!
