This activation works to remove blocks and limiting belief systems from your unconscious mind. The ancient language spoken is a message to remember when you truly manifested “out of thin air” or with the cosmic ether in other physical incarnations.

I know we have heard it a thousand times, we are limitless... but knowing that and the actualization of it are very different things! We do manifest all the time! We continuously manifest as a matter of fact. Connecting to the Cosmic Ether establishes a new understanding and depth to the creation and manifestation process.

Do your best to just surrender and allow the flashes of memory or knowing to permeate your fields. Your imagination is your greatest tool. Allow your Higher Self to show you multiple scenarios and experiences when you were a master of manifestation.

Remember to take care of your body. You may still be experiencing detoxification symptoms. It would recommend some body work if possible, such as massage or body brushing (which can be done yourself). I also recommend taking Liquid Silica if you have access (easy access). It can be ordered on line or at most health food stores in the USA and Europe. Homeopathic versions are also available and are as effective.

Make sure you are exercising and stretching the body on a daily basis. Although most of this work may feel very “etherial”, believe me your physical body is being positively affected at a very deep level.

Breathe and remember that you are Light!
