13 Day Activation Series

Day 9

Transmission: 31:23

Music: [Ancient Transmissions - Sean Maher](#)

As the concept of tapping into the vastness of the Cosmic Ether which resides within continues to anchor within your being, we begin connecting into the Cosmic Ether throughout the universe. There is so much transpiring energetically during this activation, my ability to articulate, at times, becomes incongruent.

Bringing forth the essence of Self Love: the unconditional love of self is essential to the process of connecting into the Cosmic Ether, where higher levels of consciousness exist within the matrix of the universe. Holding the vibrational frequency of Self Love ignites a level of access through the higher mind into the universal mind matrix. (I told you it was getting hard to articulate!)

When we truly experience the vibrational frequency of Love, recognizing and understanding that we are Love, the need to look outside ourselves for validation or other forms of Love diminish. When we reach this level of experiential understanding, our frequency within this dimensional reality shifts. When this shift is achieved, access through the higher mind opens at an entirely new level to states of consciousness and universal wisdom.

We focus on embodying the experiential frequency of Self Love. The gifts and implications of mastering this “state of Being” go far beyond accessing a higher state of consciousness. Relating to accessing the Element of Cosmic Ether as a conduit for consciousness is necessary.

Breathe and let the activation open up your ability to embody new states of Self Love and Mastery. Breathe and remember that you are Light and Love manifest.
