

Day 11

Transmission: 27:18

Music: [Sean Maher - Floating Temple 2](#)

Soar into the cosmos and remember who you are. This activation works to open and free your conscious mind to shift your perceptions of all that you are truly capable.

Self-imposed limitations and eons of distorted patterns in the energetic matrix of human life have diminished our natural birthright to create. We are only limited by what our mind believes is possible. This truth is being activated within your chemistry, your energetic matrix, your consciousness at the deepest level that your mind can handle.

Most of this activation is to music, so that your Higher Self may show you (in whatever way is most appropriate for you to comprehend) more of what you are truly capable.

You are a Multi-dimensional Master of Light. Your life is meant to be a co-creation of experiences, love and joy which brings you into alignment of the truth of who you are as a Divine Being.

Expand, be receptive and receive the information and LOVE from your Higher Self and Source energy to help you breathe into all that is available to you.

Breathe and remember that you are LOVE, LIGHT and DIVINE in every aspect.
