

# Embodying the COSMIC METALS **COPPER**

7 Day Activation Series

*Raquel* SPENCER

## Day 7

Our bodies are such amazing supercomputers. The complex nature of our interconnectedness to all that is continues to boggle even the most advanced scientific minds of our time. This series of activations works to improve your natural ability to be a conduit of higher frequencies of Light and wisdom coming from your own higher self and Source energy.

As the functionality of our Divine vehicles expand and upshift, the bridge between dimensions of reality, the information and knowledge within our own DNA, and the bands of consciousness within the quantum fields open to provide the opportunity to know yourself in a more intimate and cosmic way.

“You are more powerful than you know.” This phrase takes on a deeper meaning as the capacity of our body and energetic matrix moves into new levels of connectivity through the embodiment of the cosmic copper.

The final activation in this series brings a huge influx of cosmic copper. You may continue to experience surges of energy, flashes of light within your mind’s eye or even in your visual experience in 3D, and increased levels of intuition. The body will continue to heal at an accelerated rate, bringing deeper understanding of your physical body’s ability to regenerate, replenish and rejuvenate.

You are a Master of Light. Breathe this knowing in at a new level and allow your consciousness to expand.
