Publications: 16 Refereed Scientific, 1 Refereed Scientific Under Review, 16 Non-refereed Scientific
27 Scientific Abstracts
36 Extension Bulletins, 1 Extension Bulletins in Revision
26 Technical Reports
36 Proceedings
5 Video Tapes/ Slide Sets on Turfgrass Management/CD's, Weed Control, and IPM in Schools
24 Popular Periodicals
3 Chapters in Books
Editor of 1 Book: ITS Research Journal, 2009. 1295 pp.

Extension/Teaching:

Pesticide Applicator Online Training Module: Turf Fundamentals and Pest Management: A 1-hr short course approved for 1 pesticide credit. It is approved for pesticide credit in: Alaska, Idaho, Maryland, Montana, Nevada, Pennsylvania, Utah, Washington and West Virginia.

Pesticide Applicator Online Spanish Training Module: Turf Fundamentals and Pest Management: A 1-hr short course approved for 1 pesticide credit. It is approved for pesticide credit in: Alaska, Idaho, Maryland, Montana, Nevada, Pennsylvania, Utah, Washington and West Virginia.

1 hr. CropS 499 Turf Bowl Training – 25 students

*3-hr. CropS317 Environmental Turfgrass Issues (Online Course) 207 students over 12 years

*CropS 317 is no longer being offered.

Graduate Students:

3 M.S. Students in Progress

2011 Mr. Nathan Stacey. Committee Chair. Masters of Science Turfgrass. Finishing in Spring of 2014.

2012 Mr. Tim Streeter, Member of Committee. Dr. Bill Johnston, Chair. Finishing in spring of 2015.

2012 Mr. Justin Ruiz, Committee Chair. Masters of Science, Turfgrass. Finishing in December of 2016.

3 M.S. Students Completed

Mr. Chris Proctor, Member of Committee, Dr. Bill Johnston, Chair. Completed Spring 2009.

Ms. Katie Dodson, Member of Committee, Dr. Bill Johnston, Chair, Completed Spring 2007.

Mr Eric Chapman, Committee Chair, Completed Summer of 1995.

Total Research Grants: \$1,575,639.80 over 22 years.

Research areas include: Sports turf wear, biological control of Fusarium patch, identification of pythium species in WA, evaluation of organic fertilizer from food waste on golf courses and home lawns, European crane fly control methods (including biological) and turfgrass cultivar evaluations and water conservation methods.

Extension Outreach Summary: 560 presentations: 64,494 contacts total over 22 years
