

Dr. Randall Wisser

**Assistant Professor of
Plant Genetics at the
University of Delaware**

*“Between meat grinding and
sculpting: what are we learning
about quantitative disease
resistance in maize?”*

Dr. Sarah Hake

**Adjunct Professor at
Berkeley**

**Center Director: USDA
Plant Gene Expression
Center**

*“Regulation of plant
architecture in maize—master
regulators and background
modifiers”*

Third Robert E. Allan Plant Breeding Symposium

~Open to All Faculty, Staff, and Students~

Sponsored by the Department of Crop and Soil Sciences, Plant Pathology, the
USDA-ARS, and the Crop and Soil Sciences Graduate Student Club.

**Monday March 25th
CUB 210 & Ensminger Pavilion**

The symposium is dedicated to **Bob Allan**, a USDA-ARS wheat breeder, who
retired in 1996 after 38 years at WSU. He continues to have an active
research program and is regarded as a valuable resource by both faculty and
students.
