

3GS GROUND STAKE

The 3GS Ground Stake is a robust, bold, and durable ground stake from Auroralight. The 3GS combines a pointed 2" Schedule 80 PVC stake with a solid 2-3/4" brass cap, precision machined with an "industry standard" 1/2" (NPS) Thread. This thread will easily adapt to any brand. The 3GS is the perfect compliment for our heavy-duty risers and larger fixtures, providing superior strength even in loose or sandy soil conditions.
