

CP14 COVER PLATE

CP14-NAT

The **CP14** Cover Plate, part of a full family of canopies from Auroralight, is a minimal and nearly hidden J-Box cover plate. Featuring our Aurora Mount System (AMS) built into the cover plate for maximum aim-ability and 360° of fixture rotation, the CP14 is our smallest fully featured cover plate available. Made from solid copper and backed with an EPDM gasket for lifelong durability. Pair with any of our AMS Compatible fixtures, as shown below, for a discrete fixture and mount combination.
