T-S TREE STRAP

HEAVY DUTY TREE STRAP MOUNT
(shown with AMS adapter)

Auroralight's Tree Mounts are machined from solid brass for durability and feature a nylon base with multiple wire exit ports. For use with 12V lighting systems.

The **Tree Strap Mount** is totally passive making it ideal for protection of valuable specimen trees. Supports up to 5lb fixture weight. It is supplied with two, UV stabilized EPDM rubber straps to firmly hold the fixture while the highly elastic material allows for uninhibited tree growth. Up to three straps can be connected in a series which can be cut to length to accommodate 2 to 18" caliper branches.

For easy and safe installation, you can pre-wire luminaires on the ground, and use the supplied stainless steel retention clip to hold connectors inside each brass fitting.

ORDERING GUIDE: ^{Prefix} **T/S** T/S T (TREE) S (STRAP)
