SOPHOMORES VICTORIOUS.

BY A SCORE OF 72-41.

Much Good Material in the Freshman Class.

The Field Day held Saturday was won by the representatives of the Class of '02. The Freshman athletes were a surprise in many ways, and were it not for their lack of entries in the field events the score would have been much closer. They won every sprint, in which they entered men. Cadogan was unable to participate being forbidden to do so by his physician on account of ill-health. Hamlin and Smith also could not take part, as both had to play baseball in the city. Of the Freshmen, those who made the best showing were Stanley, Clifford and Townsends; of the Sophomores, Powell, Service, Scott and Plaw. In the 220-yard hurdle Powell, who was in the lead, slipped and fell, thereby losing the race. Clifford '03 deserves special mention for the plucky way in which he won the half-mile. A detailed account follows:

VARSITY DEFEATED.

Fireman's Fund Wins in a Poor Game.

The Varsity was again defeated by the Fireman's Fund team last Saturday afternoon by the score of 4 to 1. The game was a poor one both in batting and fielding. The only heavy hitting was done by Kaarsberg, who hit a two-bagger, and by Follansbee, who made three bases on a long drive. Kaarsberg and Nourse pitched for California and Krug and Moskiman for the insurance men. None of the pitchers were hit very freely. Nourse was rather wild, letting three men to first on balls in one inning. Braley played a splendid game without errors, although he had some hard chances. King and Mein also played good ball in their respective positions. Hamlin was in his usual good form at first. Hunter's work was up to his average, his one error being made in a hard difficult play. Smith caught in his usual style.

SPEAKER FOR CHARTER DAY.

WHITLAW REID IS HERE.

The Distinguished Diplomat Will Speak on Friday.

The Hon. Whitlaw Reid arrived in San Francisco yesterday and it may be definitely announced that he will deliver the Charter Day address next Friday morning. For some time a correspondence has been carried on with him relative to making the address, but for a time his acceptance of the invitation was uncertain. He will speak on the subject "The National Problems" in the Gymnasium next Friday morning at half past ten.

CHARTER DAY PLANS.

Faculty Committee Meets to Arrange for Exercises.

A meeting of the Faculty Committee having in charge the arrangements for the ceremonies on Charter Day was held last Friday morning at 11:15 in the President's office, and business was transacted in regard to the plans for the Charter Day exercises.

The exercises to be held are to continue all day. They will begin at 10:30 a. m., in the Gymnasium. President Wheeler will address the students and there will be an address by some invited speaker, the exact person having not yet been decided upon. There will also be special music provided for the occasion.

At 2:00 p. m. there will be an Alumni Conference. Delegates from all parts of the State will attend. They will discuss the needs of the University and the best manner of supplying those needs. In the evening at 8:30, the Council of Associated Alumni will meet at the Mark Hopkins Institute of Art. This Council will consist, not only of the courses of general culture, but also those of technical schools. Thursday and Friday evenings Professor Syle's Charter Day play will be presented at Hearst Hall. The associated alumni has planned for a grand reception to President and Mrs. Wheeler, to take place at Mark Hopkins Art Institute on the evening of Charter Day.

Bourdon Plans.

There will be a meeting of all male students of the Sophomore Class Tuesday at 11:15, in Room N, to decide whether or not the Freshmen shall have a Bourdon.

SENIOR CLASS MEETING.

Assessment Levied to Defray Class Day Expenses.

The Senior Class met at 11:15 Friday morning to consider the plans for Commencement week. It was decided to have President Wheeler deliver the Baccalaureate sermon at the Presbyterian Church if that building can be secured, the exercises to commence at three o'clock Sunday afternoon.

The class adopted a resolution to the effect that all students who had been with the class for four years should continue to enjoy the privileges of membership—attendance at class functions and the like—on payment of the regular dues.

It was decided in accordance with the Budget Committee's report to give a class banquet probably on the night before Commencement Day. An assessment of \$3 per member was adopted which, with the \$400 voted by the Regents, is expected to defray the expenses of the graduating class.

FRESHMAN CLASS MEETS.

Character of Bourdon Ceremonies Altered.

A meeting of the Freshman Class was held Friday at 11:15 a. m., in Room 16, North Hall. The question of procuring canes for the Sophomore year was brought up and a design was submitted by the Executive Committee and adopted. The question of Bourdon was then brought up and the Committee reported that about \$200 was needed to carry out the plans. A discussion followed as to whether it would not be advisable to give up the Bourdon and contribute a considerable sum toward sending the Track Team east. Some of the Juniors were asked for opinions on the matter, and Mr. Tully suggested a plan whereby the old custom might be retained and money raised for the Track Team as well. The class decided to follow out the general outline of Mr. Tully's suggestion by holding the main performance in the gymnasium and charging admission. All the particulars were left in the hands of the Bourdon Committee. An assessment of seventy-five cents on each member of the class was levied to defray all expenses.

William G. Agar, formerly of the class of '99, has returned to College after an absence of three years and has taken up his work in the class of 1902.

The CALIFORNIAN is ready to be delivered at the Co-op each day at 8:30 a. m.

INTEREST in the Track Team's Eastern trip is showing itself in the way that all manner of College organizations are flocking to its support. There is hardly an effort or an entertainment in prospect which does not intend to devote its proceeds for the benefit of the trip. This speaks well for the live and hearty interest which is devoted to the team. It presages well for the material support which they are to have for the trip. However, there is one possible effect of these efforts which must be guarded against, namely, that individuals may have a tendency to feel themselves relieved hereby from their responsibility in giving support. As a matter of fact, individual responsibility is not in the slightest degree lessened by these contributions. Both students and alumni are expected to offer their support up to the full quota which was first announced for each. These amounts are the ones reckoned upon for the success of the trip. Other contributions will be most welcome and are really needed to carry out the trip on a scale creditable to the University. Those to whom the regular collecting has been allotted are going about on their work. All whom they approach, and that means every one, should receive them with a welcome for their effort and with the largest possible contribution for the Eastern trip.

Eclipse Expedition.

William H. Crocker has presented one thousand dollars to the University to defray the expenses of the expedition by members of the Lick Observatory staff to Northern Georgia in May to observe the total eclipse of the sun. The Yerkes, the Harvard University and the U. S. Naval Observatories and other astronomical institutions will also send expeditions. The eclipse station will be Union Point in Northern Georgia.

The students in practical astronomy here have been calculating the exact time of the eclipse for the use of Astronomer Burckhalter of Oak-

land, who will go to Georgia to witness it. As soon as the Lick astronomers decide upon the exact location of their station, the University students will compute similar data for them.

May 28th the eclipse will begin at Union Point, Georgia, at 8:08 a. m., and will be entirely over in two hours and twenty-six minutes later. Only a small portion of the sun's disc will be obscured in California. The eclipse will begin on this coast about 5 a. m.

A Panorama of Rome.

George H. Mastick of San Francisco has presented to the University of California a panorama of Rome. This panorama consists of twelve separate etchings which have been trimmed and mounted as one. From the inscription upon it, the work seems to be that of G. Vasi, Count Palatine, who was the instructor of the more famous etcher, Piranesi. The etching represents Rome as it was in 1728, and it is of great historical interest.

Funds for American School.

One hundred students of the College of Letters spent Friday canvassing San Francisco, Alameda, Oakland and Berkeley for subscribers to tickets for the course of lectures which is to be given to raise funds for the University's contribution toward the permanent endowment of the American School of Classical Studies in Athens, and several score of students went forth again Saturday on a similar mission.

The students were very successful. One young lady reported the sale of fifty-eight dollars worth of tickets in a single day. Altogether about eleven hundred dollars worth of tickets were sold.

The first lecture of the course will be delivered at eight o'clock next Thursday evening, March 22nd, in the auditorium of the Y. M. C. A. building, Ellis and Mason streets, San Francisco. It will be delivered by Professor Bacon on the subject of "The Boer and the Briton." The remaining lectures are as follows:

March 29—Rabbi Jacob Voor-sanger: The Literary History of the Old Testament.

April 5—Rev. Charles R. Brown: Constantinople and the Turks. (Illustrated by stereopticon views.)

April 12—Professor Alfred Emerson: The American Excavations at Corinth. (Illustrated by stereopticon views.)

April 20—Professor Charles Mills Gayley: Life in the University of Oxford.

April 26—Rev. James McDonald: Joan of Arc.

Professor Shinn has obtained a number of manuscripts and drawings made by the Castro brothers at the Cambuster School at Monterey, in 1834. The drawings are interesting as being the only copies in existence. The text books are handwritten from dictation of the instructors.

Mr. B. A. Barney of Menlo Park, has sent to the library thirty-six bound volumes of the "Breeder's Gazette," making a complete set in the possession of the library up to the year 1900.
