KELLY SELECTED AS COACH.

HAS ACCEPTED THE POSITION.

Mr. Shuey Defines His Attitude as Football Manager.

The football management has just received a letter from Mr. Addison Kelly accepting the position of football coach at California for the next season. The salary which Mr. Kelly will receive will be somewhat less than that paid to Cochran. Mr. Kelly will assume his duties as coach on September 15th.

"King" Kelly, as he is commonly called, was assistant coach at California last year. He is a graduate of Princeton, graduating with the class of '98. On the Princeton team he played half back and had the reputation of never taking the ball without gaining ground. Kelly was selected as a member of the All-American team for 1897 and 1898.

Mr. W. A. Shuey has submitted the following communication, defining his present attitude as to the office of football manager:

Editor Californian: In response to the many enquiries made in regard to my resigning from the position of football manager, I desire to say that my actions will be regulated entirely by the decision of the Associated Students on the Graduate Management question. I believe that if this change is to be made at all, it should be done immediately, and if by resigning this plan will be furthered, I stand willing and ready to do so at any time.

W. A. SHUEY.

A Visitor From China.

Yesterday afternoon the Rev. Timothy Richard of Shanghai visited the University and gave an address on "Political and Social Affairs in China" to Professor Fryer's Lecture Class at 3:45 p. m. Mr. Richard has been in China over a quarter of a century, engaged most of the time in literary work. He possesses the unlimited confidence of many of the highest Chinese officials, who frequently meet him to consult on current topics. At present he is Secretary of the Society for the Diffusion of useful Knowledge in China, and is on his way to the Ecumenical Congress at New York where he is to read a paper on "The Extent and Value of Christian Literature in China." Tomorrow he will visit Stanford University.

Mrs. Benjamin Ide Wheeler will not receive this afternoon.

CHARTER DAY ARRANGEMENTS.

Students Will Assemble and March to Gymnasium.

The arrangements for the accommodation of faculty, students and guests at the Charter Day exercises have been completed. The Gymnasium, which will hold one thousand and eight hundred people, will be divided into sections for the seating of the audience. There will be two hundred seats on the stage, reserved for the Regents and other guests of honor. Three hundred seats on the lower floor are to be reserved for the Regents' wives and friends. These will enter by the northwest door. Guests holding red tickets will be admitted at the northeast door. Six hundred seats are to be reserved for them. The southeast door will give entrance to the gallery, in which there will be three hundred seats open to the general public. No one will be admitted to the gallery after these three hundred seats have been filled. All admission except to students will be by ticket until 10:30 o'clock, at which time the public will be admitted. Half of the whole seating capacity of the Gymnasium will be reserved for students.

All students are to assemble by classes at 10:00 a. m., on the road east of North and South Halls. At 10:15 the procession will start for the Gymnasium, Seniors and graduate students leading. The procession will enter at the southwest door. The faculty, alumni and guests from San Francisco, will meet at the same time at Stiles Hall and march to the Gymnasium. The commissioned and part of the non-commissioned officers will act as ushers.

The committee in charge of the affair is composed of Professor Soule, chairman; Professors Senger, Magee, O'Neil, Ritter and Haskell

Parade in Honor of Teachers.

On Wednesday, March 28th, the cadets will hold a parade and review in honor of the school teachers of Alameda county, who will on that day visit the University. Captains Kuster and E. W. Oliver will have charge of the parade and review respectively.

1903 Canes.

Orders for the 1903 canes will be taken in the Californian office on Monday, Tuesday and Wednesday from 9:25 to 12:10.

BLUE AND GOLD NEARLY COMPLETED

TO BE OUT ABOUT APRIL 12TH.

Book Will Be Dedicated to President Wheeler.

The Blue and Gold of the Junior Class is now rapidly nearing its completion. Owing to an accident the plates for the photos were broken, thus delaying its publication about one week, but it is expected that the book will be ready for sale between April 12th and April 21st. The number of pages in the annual will be about three hundred and twenty-five. The Union Photo Engraving Company of San Francisco is doing the half-tone work, and H. S. Crocker will publish the volume.

The Blue and Gold will be dedicated to President Wheeler. Among the special features will be a poem by Mr. Edwin Markham, written expressly for the Blue and Gold. Especial attention has been given to the Art Department and it is expected that this feature of the book will surpass that of any previous Blue and Gold.

The staff of associates of the Editorial Department appointed so far consists of Misses Agnes Frisius, Rene Cullen, Muriel Eastman, Louise Kellogg and K. C. Johnston; Messrs. D. A. Gordenker, J. W. S. Butler, M. H. Schwartz, N. M. Moran and J. A. Morgan.

WOMEN'S ATHLETIC CLUB.

An Attempt Will Be Made to Effect an Organization.

There is a movement on foot among the women students interested in athletics in regard to the formation of a Women's Association, which will include in it all the athletic interests of the college women. In this way it is thought that an impetus may be given to the Basketball Team, Tennis Club and similar organizations. At a meeting held yesterday morning in East Hall plans were discussed which will be perfected in a few weeks. Such organizations have proved very successful in Eastern colleges.

R. K. Haskell '98 has gone to the Hawaiian Islands to be engineer on a Sugar plantation. He left a position as assistant railroad engineer with Frisier '85, at Lodi, Cal. Pidge '99 took Haskell's place at Lodi.

DEBATING QUESTION SETTLED.

Definite Agreement With Stanford Reached.

The question for the intercollegiate debate has at last been definitely settled. Owing to a mistake two questions were submitted to Stanford, and the one given in last Friday's Californian has been withdrawn. The final question as accepted by Stanford is: "Resolved, That the guarantees of the Constitution should extend to all persons and territory under the permanent control of the United States." The phrase "guarantees of the Constitution" is to be understood to include not only the securities for personal liberty but also the provision, but all duties, imposts and excises shall be uniform throughout the United States.

The preliminaries are to be held on Tuesday, March 27th, and Thursday, March 29th. Each speaker will be allowed ten minutes. The term for entries which was to close yesterday afternoon, will be extended owing to the general misunderstanding of the question.

The following names have already been entered for the preliminaries: Charles Reith '00 and John F. Quinn '01, Affirmative; A. B. Rhuart '01, M. W. Dinkelspiel '00, W. L. Finley '03, R. S. Pierce '01, L. E. Martin '02, J. M. Koford '03, F. W. Aitken '00 and W. M. Downer '01, Negative. It is expected that a number of new names will be entered within the next day or so.

Faculty to Play Baseball.

Preliminary arrangements have been made for a game of baseball to be played on the campus Saturday, March 31st, between a picked team from the Skull and Keys and a picked team from the Faculty. The proceeds of the game will go towards swelling the fund for sending the Track Team east.

H. K. Palmer and S. C. Phipps, graduate students of the University, have just completed the determination of the orbit of the first Asteroid recently observed at the Lick Observatory by the Crossly Reflector. The preliminary orbit was computed by Coddington of the Lick Observatory, but the force there being too small to continue the work, the calculations were turned over to the Berkeley Astronomical Department by Professor Keeler, who desires to publish the orbit as a part of the paper on the Asteroid.

COLLEGE CALENDAR.

Today, March 20

Chairmen of Committees in charge of candidates for higher degrees report to the Graduate Council, through the Recorder of the Faculties, concerning the work of the candidates.

11:15 a.m.—In the Astronomical Lecture Room of the Students' Observatory, Lecture. Mr. Alexander McAdie, Honorary Lecturer on Meteorology in the University of California and Local Forecast Official of the United States Weather Bureau in San Francisco: At the Bottom of the Sea.

4 p. m.—Meeting of the Newman Club in Unity Hall, corner of Addison street and University avenue.

4:00 p.m.—In Stiles Hall, meeting of Y. M. C. A. Subject: "Let him take up his cross." Leader, Emma Barrow.

7:30 p.m.—In Stiles Hall, meeting of the Sophomore Debating Society. Regular debate.

8:00 p.m.—In 22 South Hall, meeting of the Geology and Mineralogy Section of the Science Association. Dr. H. W. Fairbanks: The Geology of Vancouver Island. Illustrated with lantern slides.

8:00 p.m.—In Mark Hopkins Institute of Art, University Extension Lecture. Associate Professor Plehn: The Commerce of the Pacific.

It is a pleasure to hear from President Wheeler's own lips the authoritative announcement that the student body is to have a full share of accommodation at the Charter Day exercises. We may now be assured that the scanty share of the audience we have been allowed in the past has not been as an intimation that university presidents and distinguished statesmen discourse above our heads, but only as an indication of lack of accommodations. As an innovation presence at the exercises by classes will lend a preliminary interest to the attendance. At any rate now that we are accorded full privileges, it would be

most commendable to show our appreciation by a large attendance.

The attention of the proper authorities probably requires direction to certain of the gymnasium arrangements. Athletes have always suffered more or less inconvenience from the crowded condition of the lockers and from the lack of facilities for caring for their suits after exercise. Whether because of the weather conditions of the present season or because of the cessation of regular gymnasium work, the stoppage of fires and so on, ever since the beginning of the baseball season athletes have suffered more than usual inconvenience. Now that active training for the track has begun, the track men are also beginning to be annoyed by bad colds and other unhygienic effects. This is enough to show that the conditions are more than temporary and that some remedy is required. The athlete's path is not altogether strewn with roses as it is, and any additional and unnecessary hindrance should be removed with all celerity.
