WHAT'S INSIDE

A NOTE FROM THE AUTHOR

“Boldly Go invites children into a world with creative elements and a holistic approach to learning Scripture. The art, design, storytelling, games, crafts, music, and life-changing messages all work together to equip your team. These elements tell families: “We care about you! We created this world for you! We want you to be here! Let’s boldly go on the mission together!” But we know it is not simply the music, art, design, or games that transform people. It is the Holy Spirit working through your leaders with God’s love and power in unity that will convey the heart of Christ. We hope this series will empower your leaders to be proactive in carrying out God’s Great Commission in their churches. We have seen incredible bold faith raise up in our children, families, and leaders, and we pray abundance upon you and your church in this journey too! Let’s Boldly Go!”

GUIDES

The files you receive for the Parent Guides, Elementary Messages, Elementary Life Group Guide, and Pre-K & K Leader Guide are COMPLETELY CUSTOMIZABLE. We want you to modify this curriculum to best meet the needs of your kids and fit the culture of your ministry. We've provided 22 weeks of material—including 5 review weeks (1 per unit)—but you may compress the material to 13 weeks or just choose to use 1 unit for a special event or emphasis.

The New Living Translation is used in the messages and guides. Scripture quotations taken from the Holy Bible, New Living Translation, copyright © 1996, 2004, 2007, 2013 by Tyndale House Foundation. MESSAGES

The messages [[Elementary Message docs](#)] in this series engage children on multiple levels—visual arts, objects lessons with props, memorable faith statements. Each element is intentionally designed to help instill the overarching message through expository teaching of the book of Acts. Each message has a Big Idea for children to declare as practical application taken out of the Scriptures.

Never underestimate the power of props! We've provided suggestions for props to use and visual cues (VC) are highlighted throughout the messages as suggested times to show slides, posters, or videos. We've provided graphics for you to use, but please expand on those offerings to fit your ministry. Give your best creative thinking to pair together hands-on learning and passionate preaching for your children. Have fun and be intentional to repeat key phrases you want to shape the language of your ministry!

EXPLORE BUCKS

The Explore Bucks Bank is a tool you may choose to use to encourage kids to dig deeper throughout the week. Explore Bucks might be awarded for daily quiet times, Scripture memorization, good behavior, etc.—whatever you choose to reward. Art for Explore Bucks, instructions, and signage are all provided [[Explore Bucks Folder](#)]. Suggestions for incorporating Explore Bucks are included in the message docs and parent guides but are easy to delete if you choose to not use them.

ELEMENTARY LIFE GROUPS

This is a special part of intentional discipleship carved into your service. If you don't already use small groups, you might want to separate kids by grade level or have children choose numbers or colors as they arrive and then have them sit in appropriate sections.

Life Groups are intended to foster conversations that help children apply the Scriptures to their personal faith. Discussion questions and activities are provided [[Elementary Life Group Guide](#)], but building relationships is a primary focus.

Tips for Life Group Leaders

- Be sure to introduce yourself and tell children how happy you are they came to church today!
- Learn the names of the kids in your group look for opportunities to encourage them.
- As you deepen conversation, become a master at asking questions.
- Encourage children by name and ask the Holy Spirit to guide your group discussion.
- Coach kids and help them put their faith in action as they pray for others.
- Have fun and expect God to use you as a role model who is helping shape the faith of this generation! Remember: your words of hope and love can translate in a huge

PARENT GUIDES

These send-home papers are simple guides to help parents nurture their child's faith and reinforce the Bible teaching from the week. They include the Big Idea, memory verse, message recap, prayer, and suggested questions and challenges. Parent Guide files [[Elementary Parent Guide + Pre-K & K Parent Guide](#)] have been formatted to include the activity (for elementary) and coloring sheet (pre-k & k) on the back to make it easy to make double-sided printouts.

MUSIC

Music is a powerful tool that helps set the tone in your ministry. You can utilize music during every aspect of your service experience. The "Boldly Go Hallway Mix" increases anticipation as families enter your classrooms or walk your hallway. Kids actually feel ushered into a special ride like they were at a theme park. Use "Galactic Atmosphere Music" and "Exploration Atmosphere Music" on loops during games and while parents pick up their children.

DOWNLOADING VIDEO RESOURCES

Each lesson features exclusive videos that put into motion the action and excitement of the story. Accompanying each lesson, you'll find a PDF with links to videos specific to that week. Depending upon your class size and equipment, you can choose to display these videos directly from the device used to access the links, using streaming services like Air-play or Roku, or they can be downloaded and burned to DVDs and flash drives.

VIDEOS

- **COUNTDOWN:** Pack every minute of service with action and fun discipleship. Use the 5-minute countdown to add anticipation for your children and keep your leaders on point as they open the service with excitement. Links to Countdown videos are listed in the [\[BC_Video Download_Video Extras\]](#) file.
- **EPISODES:** Each episode features the Big Idea for the lesson, a storyline with a similar theme represented in Scripture, and characters your kids will love. Have a leader get children amped up about the featured space adventure of the day!
Example: It's time to launch a new episode in our Boldly Go adventure! Get ready to count down and see what happens next! 3-2-1 Blast Off!
- **MESSAGE ROLL-INS:** These messages help reinforce the connection between the Scripture and the plot in the episode for the week. These silly short moments feature the episode characters and get the children laughing before digging into the message—and help set the stage before you preach the message.
- **PRE-K & K MESSAGE VIDEOS:** These message videos can be played as they are or used as examples for how to modify the Elementary Messages for younger children.
- **SWORD DRILLS:** The video provided thrusts children into an upbeat game that can be utilized anywhere in the service. You can add extra verses if you desire. The aim is to give children a mental breather, a change of pace, and reward them for quickly finding the Scripture related to the message. The leader should host the game with high energy, as if hosting a professional sports game on TV. The leader definitely sets the expectation of fun and urgency for this game. When kids find the Scriptures, have them run up to a designated leader to show their marked Bible and receive Explore Bucks or another prize. Links to Sword Drill videos are listed in the [\[BC_Video Download_Video Extras\]](#) file.
Example: It's time for Sword Drills! Grab your Bibles. Raise them in their air. Swords up! The first Scripture is Philippians 3:14. Go! You got this! Great job! Boldly Go! Okay, everyone, Swords Up. All Bibles back in the air. Great! The next verse is: ... etc. (At the end) Let's finish it off and shout, "Boldly Go!" 3-2-1... Boldly Go! Suggested Scriptures are listed [\[Elementary Message docs\]](#) to provide ideas.

THE SECRET WORD

The secret word is a fun way to highlight themes in your teaching throughout the service and help kids stay engaged with the message as they listen for the word. The secret word could be a word that is complimentary to the big idea OR the secret word could be used to show tension between our faith or doubt in this message. A secret word has been suggested for each lesson [[Elementary Message docs](#)] as an option.

You can choose to reward kids individually or have them work as teams. When the preacher says the secret word, the first child/team to raise their hands receives a point. A designated leader keeps the tally during the service.

Suggestions

- Have a clear jar filled with “Arcadia Rocks” and have a clear jar for each team.
- Each team starts with 3 rocks in their jar, so if the leader needs to correct behavior or refocus the team, he or she can simply remove one of the rocks from the jar and give it to the opposing team. Typically, teams start correcting one another if they lose rocks.
- You could also use the rule that if a team loses 3 rocks during the service, they forfeit the game entirely.
- Secret Word can be played throughout the service and is especially effective during the message. As a communicator, it's easy to add in the secret word as much as needed to pull in attention from the audience.
- Choose a reward system for the winning team. If you're using “Explore Bucks” it's simple to vary the reward based on behavior to achieve the desired incentive for the week.

ART

Files for set design, posters, slides, and so much more have been created [[Art Content folder](#)] so you can transform your classrooms, gathering areas, and even your hallways.
