The sun is coming up. Look! The little boy is waking up. He knows that God cares for him when he's waking up.

### Wake Up the Family

Let your child wake up another member of the family. Encourage her to go into the person's room, climb into the bed, and give the family members lots of hugs and kisses. Say, "God cares for \_\_\_\_\_ when she is waking up. And God cares for you when you're waking up too!"

### Time to Wake Up!

As your child plays with dolls or stuffed animals, encourage her to put a doll or animal to bed. Then say, "It's time to wake up!" Have your child get the doll or animal out of bed, hold and rock it, and give the doll or animal a bottle. Remind your child that God cares for us as we are waking up.
