Re: Student-Facilitated Courses Directed Group Study. Course #98; Facilitators: Undergraduate Students Grayson Castleberry and Tiffany Chen.

Statement of Support

1. Grayson Castleberry was a student during my Chemistry 3A of Spring 2019 class, and I have known her since then. Her performance was excellent and she received a grade of B+. I hosted the same DECAL class with her in the Fall of 2019 and Fall/Spring 2020, ventures that proceeded without a hitch. Grayson is bringing in Tiffany Chen as a cofacilitator to eventually take over this course. The three of us discussed these plans during a Zoom meeting on 6.9.2021.
2. Grayson presented me with an outline of her syllabus that was subsequently discussed in detail.
3. The course "20th-Century US Queer History" constitutes a valuable addition to the university's (and department's) offerings, within the framework of current efforts in the areas of inclusivity. Attendance includes lectures, in class discussions, reading and writing assignments, and a final exam.
4. The course syllabus adheres to university policies.

A handwritten signature in black ink, appearing to read "K. Peter C. Vollhardt".

include regular class attendances and meetings with the facilitator.

K. Peter C. Vollhardt
Professor of Chemistry
