DEXCOM CGM INTEGRATED MOBILE APPS

Get the most out of your Dexcom G6 CGM System by taking advantage of the full suite of Dexcom mobile apps.

Dexcom Follow App

By downloading the Dexcom Follow App, up to 5 followers can view your glucose data directly from their smart device, whether they are down the street or across the globe.*,†

Click Share within your Dexcom G6 app to send an invitation to your loved ones so they can download the Follow app on their smart device.

Dexcom CLARITY App

Dexcom CLARITY is an important part of your Dexcom CGM system. CLARITY highlights your glucose patterns, trends and goals. Download the CLARITY app and begin sharing with your clinic to monitor improvement between visits.†

* Internet connectivity required for data sharing. Following requires the use of the Follow App. Followers should always confirm readings on the Dexcom G6 App or Receiver before making treatment decisions.
