FAQ's

What if my group drops below the number of performers required for the number of experiences they have registered for?

- Groups who fall below the minimum number of performers will be asked to choose which experience they would like to keep.

Do you have any recommendations on the best way to get an additional experience from the waitlist?

- YES! Groups who have availability on a Monday, Tuesday or Wednesday will have a better chance to get an extra event added to their itinerary as those are the least busy days of the week for performances and workshops.
- These guidelines only apply during the peak spring season. For the greatest flexibility, please consider participating in the summer or fall.

Are there certain dates that you anticipate will be busier than others in 2020?

- We anticipate that February 14 - 17, March 25 - 29 and April 16 - 20 will be the busiest dates of the year.

Can you explain more about Festival Disney groups adding on a Disney Performing Arts performance or workshop?

- Groups wishing to participate in both programs must be available on Thursday, Friday and Saturday to allow for scheduling into both opportunities.

What about the previous 6 week hold?

- With this new procedure in place, we will no longer have the 6 week hold. Groups on the wait list will now be able to be scheduled as early as 3 months out OR if the group is big enough, they can choose a second performance as one of their events.

What about schools travelling with multiple ensembles with different numbers of performers?

- Example: Smith High School is travelling with a band of 95 and a choir of 25.
 - The band can choose 2 experiences (performance and workshop)
 - The choir can choose 1 experience (performance OR workshop)
 - If this school is participating in Festival Disney, they could have 2 instrumental ensembles (i.e. Jazz Band and Concert Band) and 1 Choral ensemble

What are the restrictions for groups travelling outside of these dates?

- Groups can sign up for multiple events as long as they meet the minimum of 10 performers.
- Groups must still pass the regular audition process to be accepted for a Disney Performing Arts Performance.
- All fees still apply for additional performances and workshops.
