

## Group Leader Plans FastPass+ Experiences in Advance

### Things to Consider:

- This plan is ideal for Groups with participants younger than 13.
- Chaperones or group leaders will make and manage all the plans for their participants. Participants will not be able to make, modify, or cancel their own plans.
- Group Theme Park Tickets must be purchased and in hand prior to planning.
- Group Leaders can begin reserving FastPass+ experiences **30 days** from the group's arrival date (valid theme park tickets required).
- We recommend that chaperones and group leaders who already have an account create a new one specifically for their Disney Youth Programs visit.
- Before linking tickets in the My Disney Experience profile, assign each member of the group a ticket by writing their name on the ticket card. Felt-tip permanent markers work best. If you're adding name stickers to the ticket cards, please place the stickers on the front (color) side of the card.
- Planning for less Guests at a time may yield a wider range of FastPass+ experience options. Break your group into smaller numbers to plan for (10 or less is recommended).
- Plan to spend approximately one hour for every 40 group members.
- If staying at a *Walt Disney World*® Resort using this plan, participants will not link their Resort MagicBand to their account. However, your Services Manager can assist you with selecting one MagicBand color for your entire group.

### Follow these steps to get started with Disney FastPass+:

#### 1. Go to [StartYourDisneyExperience.com](https://www.startyourdisneyexperience.com)

- Create a group account with a unique group email address and enter the information fields with your organization's or school's information.

*Tip: Group email addresses can be created via a free email generator. It's best not to use a personal email address if the same email address will be used for personal Walt Disney World® visits in the future.*

#### 2. Before linking tickets, be sure to create each participant as a **"Managed Guest"** on your **Friends and Family list**.

#### 3. Link Theme Park Tickets to the Group Account

- Return to the My Plans page and select "Park Tickets" to link each ticket to your guests.
- Enter the Ticket ID number assigned to the corresponding guest you are planning for in the field and select their name as the ticket user in the drop down box.

*Tip: Also take a picture of the back of the ticket should the card be misplaced.*

**Steps continued on next page.**

## 4. Reserve Access to FastPass+ Experiences

- It is recommended that you plan for 10 (or less) Guests at a time.
- Please keep the group's pre-scheduled events in mind when making FastPass+ selections.
- Not all options may fit with your group's schedule. However, FastPass+ times can be modified based on availability after confirming initial selections. After arriving, use FastPass+ kiosks in any of the 4 theme parks or via the My Disney Experience mobile app to modify experiences.

*Tip: Planning for less Guests at a time may yield a wider range of experience options.*
