

Hard Trolley Case - Quick Instructions

Step 1

Separate the 2 halves of the Carry case and place the half with the wheel upside down so the bottom is up.

Step 2

Take 1 of the wrap around and slide one of the connect bars down the edge of the wrap around. Make sure that the flat side is on the outside

Step 3

Take the other wrap around and slide it into the first one. When both halves are together on one side you can slide the second connect bar down the other side.

Step 4

With your wrap around connected together place it over the bottom half of the case.

Step 5

Grab the other half of the case and place it on the top section of the trolley case with open end cavity facing up.

Step 6

Take the table top insert and place it on the top half of the trolley case.

Includes:

- (1) Black Plastic Carry Case that splits in half
- (2) Connect Bars
- (2) White wrap arounds
- (1) Table top insert
- (1) Small Black tied up bag
