

SKYCAP HEXAGON UMBRELLA UV PRINT

Product Features

Now featuring Umbrellas displays! Constructed of aluminum, a steel pole and a plastic hub with latch, Umbrellas are available in Square and Hexagon shapes. Select edge-to-edge UV printed custom graphics or heat press stock color with 1 or 2 color logos. For color logos, get up to 8 locations for square or up to 12 locations for hexagon. Umbrella requires a table, but optional iron square base is available for purchase. Umbrella stands straight up and does not tilt.
