masaji™

PLUS

phytonutrient

super food formula for lasting health

complete daily supplement

BROAD SPECTRUM NUTRITION: Each glass of Masaji Plus contains a broad spectrum of vitamins, minerals, trace minerals, and omega fatty acids that keep your body in balance.

OMEGA FATTY ACIDS: The omega fatty acids in Masaji Plus are derived from high-density fruit and seed sources from Peru and the Himalayas. Skip the unstable fish oil. Masaji not only tastes better, it also has an increased shelf life.

ANTIOXIDANTS: Masaji Plus delivers a clinical dose of all natural antioxidants equivalent to clinical levels shown to promote skin health, better vision, and increased muscle recovery.

NATURAL, VEGAN, PLANT-BASED INGREDIENTS: Masaji Plus is derived from plant sources with 21 different fruits and berries, 12 greens, and the best plant-based fatty acids nature has to offer, without a single synthetic ingredient or chemical additive.

LIPOSOME ADVANTAGE: The proprietary pairing of natural delivery mechanisms we have included in our formula enable better absorption and enhanced action of amino acids, peptides, glucosamine, and other key nutrients.

EASY AND ENJOYABLE: You can taste the difference. The delicious tropical orange cream flavor of Masaji Plus makes complete nutritional support a treat.

packed with nature's finest ingredients

Be Young has spent years perfecting a truly delicious nutritional liquid supplement that is a genuine pleasure to add to your daily routine. Great tasting and easily digestible, the vitamins, minerals, trace minerals and antioxidants in Masaji Plus have been shown to support important body functions.

our delivery is the difference

Masaji Plus is created with a proprietary pairing of clinically studied ingredients that ensure enhanced absorption and better nutrient delivery through the cell membrane. This two-step delivery system makes all the difference in your body's ability to utilize the full nutritional content of Masaji Plus

STEP 1: A key Nano liposome technology breaks vitamins and minerals into millions of tiny particles for better absorption through the cell membrane. This liposome action encases nutrients in double fat layer that simulates the actual body chemistry, making it possible for nutrients to pass through cell membranes without an active transport mechanism. This means more nutrients are metabolized and your body feels more benefit.

STEP 2: Our Enhancing Blend delivery system overcomes the absorption barriers and cellular uptake restrictions of ordinary supplements. This effective absorption-enhancing ingredient has been proven in a dozen pre-clinical studies to support amino acid, vitamin & mineral absorption. Derived from highly purified Panax notoginseng and Astragalus membranaceus, using pharmaceutical grade extraction and processing technology, this natural ingredient makes it easier for your body to assimilate the nutrients we've packed into every glass of Masaji Plus.
