P O Box 107  
ULLADULLA NSW 2539

19th November, 1998

Dear Sir

**Subdivision For Porter At Portion 13, Parish Of Little Forest, Cedar Hills Road**

A site inspection was made of the right of way required as access in SF7562 and SF7556 on 27 October 1998. A 375 dia pipe culvert approved in the engineering plans has been constructed. The inlet pit was not in place. As physical work has commenced the subdivision consent is activated in accordance with the Act.

Council awaits the completion of the works and the submission of the plan of survey.

If you need any further information about this matter, contact Mr John Blom, Subdivision and Development Manager on (02) 44293529. Please quote Council's reference SF7562 & SF7556.

Yours faithfully

John Blom

**Subdivision And Development Manager**
