- 13.2 The remaining provisions of this general condition 13 only apply if any part of the land is not under the operation of the *Transfer of Land Act 1958*.

- 13.3 The vendor is taken to be the holder of an unencumbered estate in fee simple in the land if there is an unbroken chain of title starting at least 30 years before the day of sale proving on the face of the documents the ownership of the entire legal and equitable estate without the aid of other evidence
- 13.4 The purchaser is entitled to inspect the vendor's chain of title on request at such place in Victoria as the vendor nominates
- 13.5 The purchaser is taken to have accepted the vendor's title if:
- (a) 21 days have elapsed since the day of sale, and

 - (b) the objection or requirement is not withdrawn in that time
- 13.7 If the contract ends in accordance with general condition 13.6, the deposit must be returned to the purchaser and neither party has a claim against the other in damages
- 13.8 General condition 17.1 [settlement] should be read as if the reference to 'registered proprietor' is a reference to 'owner' in respect of that part of the land which is not under the operation of the *Transfer of Land Act 1958*

Money

14. DEPOSIT

- 14.1 The purchaser must pay the deposit:
- (a) to the vendor's licensed estate agent, or
 - (b) if there is no estate agent, to the vendor's legal practitioner or conveyancer, or
 - (c) if the vendor directs, into a special purpose account in an authorised deposit taking institution in Victoria specified by the vendor in the joint names of the purchaser and the vendor
- 14.2 If the land sold is a lot on an unregistered plan of subdivision, the deposit:
- (a) must not exceed 10% of the price, and
 - (b) must be paid to the vendor's estate agent, legal practitioner or conveyancer and held by the estate agent, legal practitioner or conveyancer on trust for the purchaser until the registration of the plan of subdivision.
- 14.3 The deposit must be released to the vendor if:
- (a) the vendor provides particulars, to the satisfaction of the purchaser, that either:
 - (i) there are no debts secured against the property, or
 - (ii) if there are any debts, the total amount of those debts together with any amounts to be withheld in accordance with general conditions 24 and 25 does not exceed 80% of the sale price, and
 - (b) at least 28 days have elapsed since the particulars were given to the purchaser under paragraph (a); and
 - (c) all conditions of section 27 of the *Sale of Land Act 1962* have been satisfied
- 14.4 The stakeholder must pay the deposit and any interest to the party entitled when the deposit is released, the contract is settled, or the contract is ended.
- 14.5 The stakeholder may pay the deposit and any interest into court if it is reasonable to do so
- 14.6 Where the purchaser is deemed by section 27(7) of the *Sale of Land Act 1962* to have given the deposit release authorisation referred to in section 27(1), the purchaser is also deemed to have accepted title in the absence of any prior express objection to title.
- 14.7 Payment of the deposit may be made or tendered:
- (a) in cash up to \$1,000 or 0.2% of the price, whichever is greater, or
 - (b) by cheque drawn on an authorised deposit taking institution, or
 - (c) by electronic funds transfer to a recipient having the appropriate facilities for receipt
- However, unless otherwise agreed:

- (d) payment may not be made by credit card, debit card or any other financial transfer system that allows for any chargeback or funds reversal other than for fraud or mistaken payment, and
 - (e) any financial transfer or similar fees or deductions from the funds transferred, other than any fees charged by the recipient's authorised deposit-taking institution, must be paid by the remitter
- 14.8 Payment by electronic funds transfer is made when cleared funds are received in the recipient's bank account.
- 14.9 Before the funds are electronically transferred the intended recipient must be notified in writing and given sufficient particulars to readily identify the relevant transaction.
- 14.10 As soon as the funds have been electronically transferred the intended recipient must be provided with the relevant transaction number or reference details.
- 14.11 For the purpose of this general condition 'authorised deposit-taking institution' means a body corporate for which an authority under section 9(3) of the *Banking Act 1959* (Cth) is in force.

15. DEPOSIT BOND

- 15.1 This general condition only applies if the applicable box in the particulars of sale is checked
- 15.2 In this general condition "deposit bond" means an irrevocable undertaking to pay on demand an amount equal to the deposit or any unpaid part of the deposit. The issuer and the form of the deposit bond must be satisfactory to the vendor. The deposit bond must have an expiry date at least 45 days after the due date for settlement.
- 15.3 The purchaser may deliver a deposit bond to the vendor's estate agent, legal practitioner or conveyancer within 7 days after the day of sale.
- 15.4 The purchaser may at least 45 days before a current deposit bond expires deliver a replacement deposit bond on the same terms and conditions.
- 15.5 Where a deposit bond is delivered, the purchaser must pay the deposit to the vendor's legal practitioner or conveyancer on the first to occur of:
- (a) settlement;
 - (b) the date that is 45 days before the deposit bond or any replacement deposit bond expires;
 - (c) the date on which this contract ends in accordance with general condition 35.2 [default not remedied] following breach by the purchaser; and
 - (d) the date on which the vendor ends this contract by accepting repudiation of it by the purchaser.
- 15.6 The vendor may claim on the deposit bond without prior notice if the purchaser defaults under this contract or repudiates this contract and the contract is ended. The amount paid by the issuer satisfies the obligations of the purchaser under general condition 15.5 to the extent of the payment.
- 15.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract, except as provided in general condition 15.6.
- 15.8 This general condition is subject to general condition 14.2 [deposit]

16. BANK GUARANTEE

- 16.1 This general condition only applies if the applicable box in the particulars of sale is checked
- 16.2 In this general condition:
- (a) "bank guarantee" means an unconditional and irrevocable guarantee or undertaking by a bank in a form satisfactory to the vendor to pay on demand any amount under this contract agreed in writing, and
 - (b) "bank" means an authorised deposit-taking institution under the *Banking Act 1959* (Cth)
- 16.3 The purchaser may deliver a bank guarantee to the vendor's legal practitioner or conveyancer.
- 16.4 The purchaser must pay the amount secured by the bank guarantee to the vendor's legal practitioner or conveyancer on the first to occur of:
- (a) settlement;
 - (b) the date that is 45 days before the bank guarantee expires;
 - (c) the date on which this contract ends in accordance with general condition 35.2 [default not remedied] following breach by the purchaser; and
 - (d) the date on which the vendor ends this contract by accepting repudiation of it by the purchaser.
- 16.5 The vendor must return the bank guarantee document to the purchaser when the purchaser pays the amount secured by the bank guarantee in accordance with general condition 16.4
- 16.6 The vendor may claim on the bank guarantee without prior notice if the purchaser defaults under this contract or repudiates this contract and the contract is ended. The amount paid by the bank satisfies the obligations of the purchaser under general condition 16.4 to the extent of the payment

16.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract except as provided in general condition 16.6.

16.8 This general condition is subject to general condition 14.2 [deposit]

17. SETTLEMENT

17.1 At settlement,

- (a) the purchaser must pay the balance, and
- (b) the vendor must:
 - (i) do all things necessary to enable the purchaser to become the registered proprietor of the land, and
 - (ii) give either vacant possession or receipt of rents and profits in accordance with the particulars of sale.

17.2 Settlement must be conducted between the hours of 10.00 am and 4.00 pm unless the parties agree otherwise.

17.3 The purchaser must pay all money other than the deposit in accordance with a written direction of the vendor or the vendor's legal practitioner or conveyancer

18. ELECTRONIC SETTLEMENT

18.1 Settlement and lodgement of the instruments necessary to record the purchaser as registered proprietor of the land will be conducted electronically in accordance with the Electronic Conveyancing National Law. This general condition 18 has priority over any other provision of this contract to the extent of any inconsistency.

18.2 A party must immediately give written notice if that party reasonably believes that settlement and lodgement can no longer be conducted electronically. General condition 18 ceases to apply from when such a notice is given.

18.3 Each party must:

- (a) be, or engage a representative who is, a subscriber for the purposes of the Electronic Conveyancing National Law,
- (b) ensure that all other persons for whom that party is responsible and who are associated with this transaction are, or engage, a subscriber for the purposes of the Electronic Conveyancing National Law, and
- (c) conduct the transaction in accordance with the Electronic Conveyancing National Law

18.4 The vendor must open the electronic workspace ("workspace") as soon as reasonably practicable and nominate a date and time for settlement. The inclusion of a specific date and time for settlement in a workspace is not of itself a promise to settle on that date or at that time. The workspace is an electronic address for the service of notices and for written communications for the purposes of any electronic transactions legislation.

18.5 This general condition 18.5 applies if there is more than one electronic lodgement network operator in respect of the transaction. In this general condition 18.5 "the transaction" means this sale and purchase and any associated transaction involving any of the same subscribers.

To the extent that any interoperability rules governing the relationship between electronic lodgement network operators do not provide otherwise:

- (a) the electronic lodgement network operator to conduct all the financial and lodgement aspects of the transaction after the workspace locks must be one which is willing and able to conduct such aspects of the transaction in accordance with the instructions of all the subscribers in the workspaces of all the electronic lodgement network operators after the workspace locks;
- (b) if two or more electronic lodgement network operators meet that description, one may be selected by purchaser's incoming mortgagee having the highest priority but if there is no mortgagee of the purchaser, the vendor must make the selection.

18.6 Settlement occurs when the workspace records that:

- (a) there has been an exchange of funds or value between the exchange settlement account or accounts in the Reserve Bank of Australia of the relevant financial institutions or their financial settlement agents in accordance with the instructions of the parties; or
- (b) if there is no exchange of funds or value, the documents necessary to enable the purchaser to become registered proprietor of the land have been accepted for electronic lodgement.

18.7 The parties must do everything reasonably necessary to effect settlement.

- (a) electronically on the next business day, or
- (b) at the option of either party, otherwise than electronically as soon as possible --

if, after the locking of the workspace at the nominated settlement time, settlement in accordance with general condition 18.6 has not occurred by 4.00 pm, or 6.00 pm if the nominated time for settlement is after 4.00 pm.

18.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any missing or mistaken payment and to recover the missing or mistaken payment.

18.9 The vendor must before settlement:

- (a) deliver any keys, security devices and codes ("keys") to the estate agent named in the contract,
- (b) direct the estate agent to give the keys to the purchaser or the purchaser's nominee on notification of settlement by the vendor, the vendor's subscriber or the electronic lodgement network operator.

- (c) deliver all other physical documents and items (other than the goods sold by the contract) to which the purchaser is entitled at settlement, and any keys if not delivered to the estate agent, to the vendor's subscriber or, if there is no vendor's subscriber, confirm in writing to the purchaser that the vendor holds those documents, items and keys at the vendor's address set out in the contract, and

give, or direct its subscriber to give, all those documents and items and any such keys to the purchaser or the purchaser's nominee on notification by the electronic lodgment network operator of settlement.

19. GST

- 19.1 The purchaser does not have to pay the vendor any amount in respect of GST in addition to the price if the particulars of sale specify that the price includes GST (if any).
- 19.2 The purchaser must pay to the vendor any GST payable by the vendor in respect of a taxable supply made under this contract in addition to the price if:
 - (a) the particulars of sale specify that GST (if any) must be paid in addition to the price, or
 - (b) GST is payable solely as a result of any action taken or intended to be taken by the purchaser after the day of sale, including a change of use, or
 - (c) the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on and the supply (or part of it) does not satisfy the requirements of section 38-480 of the GST Act, or
 - (d) the particulars of sale specify that the supply made under this contract is of a going concern and the supply (or a part of it) does not satisfy the requirements of section 38-325 of the GST Act.
- 19.3 The purchaser is not obliged to pay any GST under this contract until a tax invoice has been given to the purchaser, unless the margin scheme applies.
- 19.4 If the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on:
 - (a) the vendor warrants that the property is land on which a farming business has been carried on for the period of 5 years preceding the date of supply, and
 - (b) the purchaser warrants that the purchaser intends that a farming business will be carried on after settlement on the property.
- 19.5 If the particulars of sale specify that the supply made under this contract is a 'going concern':
 - (a) the parties agree that this contract is for the supply of a going concern, and
 - (b) the purchaser warrants that the purchaser is, or prior to settlement will be, registered for GST; and
 - (c) the vendor warrants that the vendor will carry on the going concern until the date of supply.
- 19.6 If the particulars of sale specify that the supply made under this contract is a 'margin scheme' supply, the parties agree that the margin scheme applies to this contract.
- 19.7 In this general condition:
 - (a) 'GST Act' means *A New Tax System (Goods and Services Tax) Act 1999* (Cth), and
 - (b) 'GST' includes penalties and interest.

20. LOAN

- 20.1 If the particulars of sale specify that this contract is subject to a loan being approved, this contract is subject to the lender approving the loan on the security of the property by the approval date or any later date allowed by the vendor.
- 20.2 The purchaser may end the contract if the loan is not approved by the approval date, but only if the purchaser:
 - (a) immediately applied for the loan; and
 - (b) did everything reasonably required to obtain approval of the loan, and
 - (c) serves written notice ending the contract, together with written evidence of rejection or non-approval of the loan, on the vendor within 2 clear business days after the approval date or any later date allowed by the vendor; and
 - (d) is not in default under any other condition of this contract when the notice is given.
- 20.3 All money must be immediately refunded to the purchaser if the contract is ended.

21. BUILDING REPORT

- 21.1 This general condition only applies if the applicable box in the particulars of sale is checked.
- 21.2 The purchaser may end this contract within 14 days from the day of sale if the purchaser:
 - (a) obtains a written report from a registered building practitioner or architect which discloses a current defect in a structure on the land and designates it as a major building defect,
 - (b) gives the vendor a copy of the report and a written notice ending this contract, and
 - (c) is not then in default.
- 21.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.

21.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.

21.5 The registered building practitioner may inspect the property at any reasonable time for the purpose of preparing the report.

22. PEST REPORT

22.1 This general condition only applies if the applicable box in the particulars of sale is checked.

22.2 The purchaser may end this contract within 14 days from the day of sale if the purchaser:

- (a) obtains a written report from a pest control operator licensed under Victorian law which discloses a current pest infestation on the land and designates it as a major infestation affecting the structure of a building on the land,
- (b) gives the vendor a copy of the report and a written notice ending this contract, and
- (c) is not then in default.

22.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.

22.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.

22.5 The pest control operator may inspect the property at any reasonable time for the purpose of preparing the report.

23. ADJUSTMENTS

23.1 All periodic outgoings payable by the vendor, and any rent and other income received in respect of the property must be apportioned between the parties on the settlement date and any adjustments paid and received as appropriate.

23.2 The periodic outgoings and rent and other income must be apportioned on the following basis:

- (a) the vendor is liable for the periodic outgoings and entitled to the rent and other income up to and including the day of settlement; and
- (b) the land is treated as the only land of which the vendor is owner (as defined in the *Land Tax Act 2005*), and
- (c) the vendor is taken to own the land as a resident Australian beneficial owner; and
- (d) any personal statutory benefit available to each party is disregarded in calculating apportionment.

23.3 The purchaser must provide copies of all certificates and other information used to calculate the adjustments under general condition 23, if requested by the vendor.

24. FOREIGN RESIDENT CAPITAL GAINS WITHHOLDING

24.1 Words defined or used in Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953* (Cth) have the same meaning in this general condition unless the context requires otherwise.

24.2 Every vendor under this contract is a foreign resident for the purposes of this general condition unless the vendor gives the purchaser a clearance certificate issued by the Commissioner under section 14-220 (1) of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The specified period in the clearance certificate must include the actual date of settlement.

24.3 The remaining provisions of this general condition 24 only apply if the purchaser is required to pay the Commissioner an amount in accordance with section 14-200(3) or section 14-235 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) ("the amount") because one or more of the vendors is a foreign resident, the property has or will have a market value not less than the amount set out in section 14-215 of the legislation just after the transaction, and the transaction is not excluded under section 14-215(1) of the legislation.

24.4 The amount is to be deducted from the vendor's entitlement to the contract consideration. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.

24.5 The purchaser must:

- (a) engage a legal practitioner or conveyancer ("representative") to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
- (b) ensure that the representative does so.

24.6 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests and instructions that the representative must:

- (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition if the sale of the property settles;
- (b) promptly provide the vendor with proof of payment, and
- (c) otherwise comply, or ensure compliance, with this general condition, despite:
 - (d) any contrary instructions, other than from both the purchaser and the vendor; and
 - (e) any other provision in this contract to the contrary.

24.7 The representative is taken to have complied with the requirements of general condition 24.6 if:

- (a) the settlement is conducted through an electronic lodgment network, and

- (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.
- 24.8 Any clearance certificate or document evidencing variation of the amount in accordance with section 14-235(2) of Schedule 1 to the *Taxation Administration Act 1953* (Cth) must be given to the purchaser at least 5 business days before the due date for settlement.
- 24.9 The vendor must provide the purchaser with such information as the purchaser requires to comply with the purchaser's obligation to pay the amount in accordance with section 14-200 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The information must be provided within 5 business days of request by the purchaser. The vendor warrants that the information the vendor provides is true and correct.
- 24.10 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of late payment of the amount.
- 25. **GST WITHHOLDING**
 - 25.1 Words and expressions defined or used in Subdivision 14-F of Schedule 1 to the *Taxation Administration Act 1953* (Cth) or in *A New Tax System (Goods and Services Tax) Act 1999* (Cth) have the same meaning in this general condition unless the context requires otherwise. Words and expressions first used in this general condition and shown in italics and marked with an asterisk are defined or described in at least one of those Acts.
 - 25.2 The purchaser must notify the vendor in writing of the name of the recipient of the *supply for the purposes of section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) at least 21 days before the due date for settlement unless the recipient is the purchaser named in the contract.
 - 25.3 The vendor must at least 14 days before the due date for settlement provide the purchaser and any person nominated by the purchaser under general condition 4 with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth), and must provide all information required by the purchaser or any person so nominated to confirm the accuracy of the notice.
 - 25.4 The remaining provisions of this general condition 25 apply if the purchaser is or may be required to pay the Commissioner an *amount in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) because the property is *new residential premises or *potential residential land in either case falling within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the legislation. Nothing in this general condition 25 is to be taken as relieving the vendor from compliance with section 14-255.
 - 25.5 The amount is to be deducted from the vendor's entitlement to the contract *consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.
 - 25.6 The purchaser must:
 - (a) engage a legal practitioner or conveyancer (*representative) to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
 - (b) ensure that the representative does so.
 - 25.7 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests relating to the payment of the amount to the Commissioner and instructions that the representative must:
 - (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition on settlement of the sale of the property;
 - (b) promptly provide the vendor with evidence of payment, including any notification or other document provided by the purchaser to the Commissioner relating to payment; and
 - (c) otherwise comply, or ensure compliance, with this general condition;
 despite:
 - (d) any contrary instructions, other than from both the purchaser and the vendor; and
 - (e) any other provision in this contract to the contrary.
 - 25.8 The representative is taken to have complied with the requirements of general condition 25.7 if
 - (a) settlement is conducted through an electronic lodgment network; and
 - (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.
 - 25.9 The purchaser may at settlement give the vendor a bank cheque for the amount in accordance with section 16-30 (3) of Schedule 1 to the *Taxation Administration Act 1953* (Cth), but only if
 - (a) so agreed by the vendor in writing; and
 - (b) the settlement is not conducted through an electronic lodgment network.
 However, if the purchaser gives the bank cheque in accordance with this general condition 25.9, the vendor must:
 - (c) immediately after settlement provide the bank cheque to the Commissioner to pay the amount in relation to the supply; and

- (d) give the purchaser a receipt for the bank cheque which identifies the transaction and includes particulars of the bank cheque, at the same time the purchaser gives the vendor the bank cheque.
- 25.10 A party must provide the other party with such information as the other party requires to:
 - (a) decide if an amount is required to be paid or the quantum of it, or
 - (b) comply with the purchaser's obligation to pay the amount,
 in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The information must be provided within 5 business days of a written request. The party providing the information warrants that it is true and correct.
- 25.11 The vendor warrants that:
 - (a) at settlement, the property is not new residential premises or potential residential land in either case falling within the parameters of section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) if the vendor gives the purchaser a written notice under section 14-255 to the effect that the purchaser will not be required to make a payment under section 14-250 in respect of the supply, or fails to give a written notice as required by and within the time specified in section 14-255; and
 - (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) is the correct amount required to be paid under section 14-250 of the legislation
- 25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non payment or late payment of the amount, except to the extent that:
 - (a) the penalties or interest arise from any failure on the part of the vendor, including breach of a warranty in general condition 25.11, or
 - (b) the purchaser has a reasonable belief that the property is neither new residential premises nor potential residential land requiring the purchaser to pay an amount to the Commissioner in accordance with section 14-250 (1) of Schedule 1 to the *Taxation Administration Act 1953* (Cth)
 The vendor is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount if either exception applies.

34. DEFAULT NOTICE

34.1 A party is not entitled to exercise any rights arising from the other party's default, other than the right to receive interest and the right to sue for money owing, until the other party is given and fails to comply with a written default notice.

34.2 The default notice must:

- (a) specify the particulars of the default, and
- (b) state that it is the offended party's intention to exercise the rights arising from the default unless, within 14 days of the notice being given -

- (b) the default is not remedied and the reasonable costs and interest are not paid by the end of the period of the default notice.

35.3 If the contract ends by a default notice given by the purchaser:

 - (ii) resell the property in any manner and recover any deficiency in the price on the resale and any resulting expenses by way of liquidated damages; and
- (d) the vendor may retain any part of the price paid until the vendor's damages have been determined and may apply that money towards those damages, and
- (e) any determination of the vendor's damages must take into account the amount forfeited to the vendor.

35.5 The ending of the contract does not affect the rights of the offended party as a consequence of the default.

Due Diligence Checklist

What you need to know before buying a residential Property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting consumer.vic.gov.au/duediligencechecklist.

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?
- Can you build new dwellings?
- Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.

the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

AMOUNT PAYABLE: \$17,125.00

Notes to Certificates Under Section 95AA of the *Taxation Administration Act 1997*

Certificate No: 51859771

Power to issue Certificate

1. The Commissioner of State Revenue can issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. If a purchaser of the land described in the Certificate has applied for and obtained a Certificate, the amount recoverable from the purchaser cannot exceed the 'amount payable' shown. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

General information

6. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
7. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Information about protection of an adjoining owner under the Building Act 1993 in relation to proposed protection work

In accordance with section 92 of the **Building Act 1993**, at any time after this notice is given to the adjoining owner, the relevant building surveyor must make available to the adjoining owner, on request, for inspection, without charge, any plans, drawings and specifications of the proposed building work in the possession or control of the relevant building surveyor. The relevant building surveyor's name and contact details are on page 1 of this notice.

This statement is approved by the VBA for the purposes of regulation 113(1) of the Building Regulations 2018.

Purpose

The purpose of this statement is to provide adjoining owners with information about —

- the operation of the protection work process under the *Building Act 1993* (the Act) and the *Building Regulations 2018* (the Regulations); and
- the procedure for the resolution of disputes relating to protection work.

Protection work provisions and definitions

Requirements relating to protection of adjoining property are contained in Part 7 of the Act and Division 1 of Part 7 of the Regulations.

The following terms are defined in the Act:

Adjoining owner

The owner of an adjoining property.

Adjoining property

Land (including any street, highway, lane, footway, square, alley, and right of way) situated in relation to the site on which building work is to be carried out, so as to be at risk of significant damage from that building work.

Building Appeals Board

The Building Appeals Board (BAB) under Part 10 of the Act.

Owner

In relation to a building, means the owner of the land on which the building is situated.

Protection work

Work that may include, however, is not limited to:

- Underpinning, including vertical support, lateral support, protection against variation in earth pressures, ground anchors and other support for the adjoining property;
- Shoring up of the adjoining property (which may include retaining walls and bored piers);
- Overhead protection for adjoining property;
- Other work designed to maintain the stability of adjoining property or to protect it from damage from building work;
- Any work or use of equipment necessary for the provision, maintenance and removal of work referred to above,
- whether or not the work or equipment is carried out or used on, over, under, or in the air space above the land on which the building work is, or is to be carried out, or the adjoining property.

Part 1: Operation of the protection work process

An owner is entitled to carry out building work on their land. However, sometimes that work has the potential to cause damage to adjoining property. The Act provides a process for the protection of adjoining property from the risk of significant damage.

Examples of when adjoining property can be affected are when building work involves excavations, where the building work is adjacent to boundary walls, and where there is a risk of building materials or equipment falling across boundaries during the construction process.

Common types of protection work include:

- Retaining walls;
- Bored piers;
- A gantry or other overhead barriers to prevent material from falling onto a roof or other part of the adjoining property;
- Propping of party walls or common walls;
- Underpinning of existing footings.

The relevant building surveyor (RBS) plays a central role in the protection work process, determining whether protection work is required, overseeing the consultation process and ensuring that proposed protection work is adequate. The independence of the RBS is critical to their role in the process.

The Act provides that where protection work is required, the adjoining owner must be consulted about proposed work or other actions that will be undertaken to protect their property.

There are mechanisms for owners and adjoining owners to appeal to the Building Appeals Board against decisions of the RBS. The BAB can also determine disputes between owners and adjoining owners about protection work matters. Further information about resolution of disputes is provided in Part 2 of this statement.

The distinction between protection work and building work

Protection work is work to protect an adjoining property. It can be done on an adjoining property or on the building site where the building work is occurring, or both. Where protection work needs to be done on the adjoining property, the Act allows for access to the adjoining property to undertake the required protection work (Act, section 95).

Building work is the work being done that gives rise to the need for protection work. Building work can only be done within the boundaries of the building site for which a building permit is issued.

The protection work process does not entitle an owner to access an adjoining property to undertake building work. Access to an adjoining property to conduct building work must be arranged by agreement with the owner of the adjoining property.

Overview of the role of the RBS

The role and responsibilities of the RBS in relation to protection work are summarised as follows:

- To determine whether protection work is required as part of the assessment of a building permit or at any time during the construction phase when it becomes apparent that protection work may be required (Regulations, regulations 111-112);
- To document their determination that protection work is required (Regulations, regulation 111);
- To review any protection work notices exchanged between the owner and the adjoining owner;
- To assess whether the proposed protection work is adequate;
- To create the required records relating to the above actions throughout the process;
- To lodge documents with the relevant council (sections 30 or 73; regulations 44 or 203);
- To participate in any appeals or other proceedings before the BAB as required;
- To monitor the carrying out of the protection work at mandatory inspections or at any other time as required and take any necessary action if there is any danger to life or property;
- To act independently at all times to assist owners and adjoining owners through the process.

When is protection work required?

Protection work is only required when the RBS determines that it is necessary (regulation 111).

Regulation 112 sets out the matters the RBS must consider in determining if protection work is required. They are:

- the allotment plan provided with the application for building permit under regulation 25 or 26;
- specifications that describe materials and methods to be used in the proposed building work;
- any demolition required as part of the proposed building work;
- any excavation required as part of the proposed building work;
- any proposed building work in relation to party walls and retaining walls;
- the nature and likely extent of any damage or other adverse effect on the stability or otherwise of any adjoining property that may be caused by the proposed building work;
- any certificate under section 238 of the Act from a registered building practitioner in the category of engineer, class of engineer (civil), certifying that the structural design of the building work complies with the Act and Regulations;
- any other matter the RBS considers relevant.

The definition of 'adjoining property' refers to property being put at risk of 'significant damage' from building work. The term 'significant damage' is not defined in the Act. When considering whether there could be 'significant damage' to adjoining property the RBS should have regard to potential damage to buildings, driveways, paving, gardens, other structures and to potential soil subsidence on the adjoining land.

Protection work notices

Having decided that protection work is required, the RBS sets in motion a process that provides both the owner and adjoining owner with certain rights and obligations. It is critical that the administrative process is carried out correctly for those rights to be exercised.

The process is summarised as follows:

- the owner must serve the adjoining owner with a notice in the form of the Protection Work Notice (Form 7) (section 84, regulation 113);
- the adjoining owner must respond to the owner's notice in the form of a Protection Work Response Notice (Form 8) (section 85, regulation 114);
- the RBS must consider the Form 7 and Form 8 notices and determine whether the proposed protection work is appropriate (section 87(1));
- if agreement has not been reached between the owner and adjoining owner, the RBS must follow the procedure in section 87 before making a determination.

Regulation 113 provides that the Form 7 notice prepared by the owner must contain detailed information about the proposed protection work including:

- the determination of the RBS set out in the Form 6;
- 3 copies of the Form 8 notice (or, if the adjoining owner consents to receiving the information electronically, 1 copy);
- a statement that explains the protection work process (this statement);
- plans and specifications with sufficient detail to show how the proposed building work will affect the adjoining property;
- plans and specifications with sufficient detail to show how the proposed protection work will protect the adjoining property;
- an allotment plan complying with regulation 25(1)(d).

Independent role of the RBS

The RBS acts as an independent decision maker in the protection work process.

The RBS must not prepare the Form 7 notice for the owner or 'approve' the proposed protection work before the notice is given to the adjoining owner.

If there has been no response to the Form 7 notice from the adjoining owner, the RBS should satisfy themselves that the adjoining owner has been properly served. Section 236 sets out ways in which notices may be served under the Act.

If the adjoining owner agrees to the protection work, the RBS must not assume that the proposed protection work is appropriate. The RBS must review the proposed protection work, satisfy themselves that:

- the work is actually protection work; and
- it is appropriate to protect the adjoining property, and
- make a decision on whether to approve the building permit.

If the RBS is not satisfied with the proposed protection work, they should refuse to issue the building permit until a revised proposal is made.

If the RBS is not satisfied that the prescribed information was provided in the Form 7 notice, including that the proposed protection work is not detailed adequately in plans and specifications provided with the Form 7 notice, the RBS should request additional information. The RBS should also require the owner to revise the Form 7 notice and reserve it on the adjoining owner.

Making a determination under section 87

Where the adjoining owner disagrees with the proposed protection work, or requires more information, the RBS must examine the proposal for protection work and determine the appropriateness or otherwise of the work under section 87 of the Act.

If a request for information is made by the adjoining owner, the RBS must consider if the request is reasonable; and if it is:

- make a request to the owner for that information; and
- provide the information to the adjoining owner.

If the RBS considers the request for information is not reasonable, they should advise the adjoining owner of that decision in writing including the reasons for that decision. The RBS can then make any other inquiries they think fit (section 87(3)) and proceed to make their determination under section 87(1).

The determination made under section 87 must be in the form of Notice of Determination Under Section 87 of the Act (Form 9).

The RBS must give a copy of the Form 9 notice to the owner and adjoining owner (section 87(4)) in accordance with section 236 of the Act.

Appeals against a section 87 determination

The owner or adjoining owner have 14 days from the day after a determination under section 87 has been given to both the owner and the adjoining owner to lodge an appeal against the determination with the BAB.

Requiring Protection Work after works have commenced

There may be situations where damage to adjoining property is not foreseen when the building permit is issued, but circumstances change making protection work necessary. This can occur when there are unexpected site conditions or where the builder does not comply with the building permit.

If the adjoining owner is concerned about damage to their property they should contact the RBS or the MBS (particularly if emergency protection work may be necessary). Contact details for the RBS are provided on a Form 6 determination, a Form 7 notice and are required to be displayed on the allotment for the duration of the building work (regulation 41(2)).

In these cases, the RBS should inspect the site without delay and determine whether protection work is required. The RBS may need to issue a direction to fix (Part 4), or stop the building work from proceeding and/or require work to make the site or adjoining property safe (Part 8).

A building order to stop building work can be issued by the RBS where the building work contravenes the Act or Regulations, or is a danger to life, safety or health of a person, or affects the support of an adjoining property (section 112).

A building order to stop building work is not appropriate where the owner has failed to comply with administrative provisions contained in sections 93-100 of the Act.

If the RBS issues a building order to stop building work, they may exempt any part of the work from the building order if it is in the interests of safety or security of the building; the public; or to prevent a nuisance (section 112(6)). If an exemption is given under section 112(6), this can allow urgent work to be carried out. However, the RBS should only require works necessary to make the site and any adjoining property safe and stable. The RBS should then promptly make a determination that protection work is required, using Form 6, so that the protection work process can be followed.

The RBS must inform the municipal building surveyor (MBS) immediately if they consider that the condition of the site presents an emergency. Upon being notified, the MBS or their delegate will inspect the site, immediately assess the situation and determine if an emergency order should be made, or other action should be taken.

Overview of role of the owner

The role and responsibilities of the owner in relation to protection work is summarised as follows:

- to provide adequate information about the proposed building work to the RBS in the building permit application;
- where protection work is required by the RBS, to prepare the Form 7 notice in accordance with the prescribed requirements in regulation 113, including sufficient detail to show how the proposed building work will affect the adjoining property, and sufficient detail to show how the proposed protection work will protect the adjoining property from those effects;
- to serve the Form 7 notice, with documents set out in regulation 113(1) including 3 copies of the Form 8 Protection Work Response Notice (or, if the adjoining owner consents to receiving the information electronically, 1 copy), on the adjoining owner having regard to section 236 of the Act;
- to provide any additional information requested by the RBS;
- not to undertake any building work giving rise to the requirement for protection work until—
 - the adjoining owner has agreed to the protection work;
 - the matter is determined by the RBS;
 - any appeal is determined by the BAB (section 88(1)).
- to only carry out work in accordance with the agreement, the RBS's determination or the determination of the BAB (section 88(2));
- to carry out emergency protection work if required by the VBA under section 89;
- to arrange insurance cover for the protection work before any protection work commences in accordance with section 93 of the Act;
- to arrange for a survey of the adjoining property before any protection work commences in accordance with section 94;

- Sign, or otherwise acknowledge as agreed, a record of the condition of the adjoining property, or refer a dispute to the BAB. The record of survey must be signed and agreed to by all parties before protection work can commence.
- to provide compensation to the adjoining owner for necessarily incurred costs and expenses, inconvenience, loss or damage (section 97 and 98);
- to serve the adjoining owner and the RBS with a complete set of plans, drawings and specifications showing the protection work undertaken, no later than 2 months after the protection work is completed (section 101).

Absent or incapable adjoining owner

If the adjoining owner cannot be found or is incapable of acting, the owner may apply to the Minister for the appointment of a suitable person to act as agent of the adjoining owner during their absence or incapacity (sections 90 and 91).

An adjoining owner may revoke the appointment of an agent by the Minister but that revocation does not affect the validity of the agent's actions before the revocation.

Overview of role of the adjoining owner

The role and responsibilities of the adjoining owner in relation to protection work is summarised as follows:

- to respond to a Form 7 notice served by an owner, within 14 days of service, by—
 - giving the owner, a Form 8 notice agreeing to the proposed protection work; or
 - giving the owner and the RBS, a Form 8 notice disagreeing to the proposed protection work or requesting more information to enable further consideration by the RBS;

An adjoining owner who fails to respond in the required time is taken to have agreed to the proposed protection work.

- may inspect at no cost, drawings and specifications of the proposed building work in the possession of the RBS once a notice of intention to commence the carrying out of building work is given (section 92).
- consider the insurance cover for the protection work proposed by the owner, and agree, or refer a dispute to the BAB (section 93).
- accompany, or arrange for an agent to accompany, the owner or their agent on a survey of the adjoining property (section 94).
- sign, or otherwise acknowledge as agreed, a record of the condition of the adjoining property, or refer a dispute to the BAB. The record of survey must be signed and agreed to by all parties before protection work can commence.
- provide access to the owner or the owner's agent to the adjoining property, after not less than 24 hours notice, or other notice as agreed between the parties, to carry out the survey of the adjoining property, or to carry out the protection work (sections 95 and 96).
- assess proposed protection work, and supervise the carrying out of protection work. Costs and expenses necessarily incurred by the adjoining owner must be paid by the owner, as agreed between the parties, or as determined by the BAB (section 97).

-
- may apply to the VBA for a declaration that emergency protection work is required (section 89).
 - receive from the owner, a complete set of plans, drawings and specifications showing the protection work undertaken, no later than 2 months after the protection work is completed (section 101).

Entry on adjoining property

Section 95 of the Act provides the owner or an agent of the owner with the ability to enter the adjoining owner's property to carry out a survey and any required protection work. Before entry, the adjoining owner must be given 24 hours notice, unless another time frame as agreed by the parties. Entry on the adjoining property for this purpose is available between the hours of 8am and 6pm.

The right of entry to carry out protection work does not apply to entry for any other purpose, such as carrying out of building work. Entry for that purpose will require agreement between the builder and adjoining owner.

Part 2: Procedure for the resolution of disputes relating to protection work

A dispute between the owner and the adjoining owner relating to protection work may be referred to the BAB under Part 10 of the Act. The RBS must not act as an arbiter where there is disagreement between the owner and an adjoining owner.

If the owner and an adjoining owner do not agree about—

- how or when emergency protection work required by declaration under section 89(1) of the Act is to be carried out (section 151);
- the nature of cover to be provided under a proposed contract of insurance under section 93 of the Act, or about the amount to be insured under the contract (section 152);
- how or when a survey of the adjoining property is to be carried out under section 94, or about the adequacy of the survey (section 153);
- the costs and expenses necessarily incurred by the adjoining owner in supervising protection work under Part 7 of the Act (section 154);
- any other matter under Part 7 of the Act, and the BAB does not have jurisdiction to deal with the matter under any other provision of Part 7 (section 155),

either of them may refer the matter to the BAB.

An adjoining owner may also apply to the BAB under section 159 of the Act for an order determining the amount of compensation for inconvenience, loss or damage suffered during the carrying out of protection work under Part 7 of the Act.

The application process, application form, fee, hearing procedure and other details relating to referral of a dispute, or an application for a compensation order, to the BAB are set out on the BAB website at www.buildingappeals.vic.gov.au.
