

Compliance and Electrical Safety Certificate

This form has been issued by the Electrical Workers Registration Board

Unique ID: 7420

Laser

This form has been designed to be used by licensed electrical workers to certify low voltage installations that comply with part 2 of AS/NZS 3000 and are safe to be connected to a 230/400 volt multiple earth neutral (MEN) system of electrical supply.

1. Location of Installation

Address: 46A Pacific Road, North New Brighton

2. Customer Information

Name: Interex Limited

Postal Address:

Phone and Email:

3. Electrical Worker Information

Name: Zane Adams

Registration/Practising Licence Number: E241934

Organisation: Laser Electrical Rolleston

Telephone Number: 0800 527 3748 opt. 3

Email: rolleston@laser-electrical.co.nz

Name of person(s) being supervised: Mark Bammer

4. Work Details

The work is (circle): additions | alterations | new work

The prescribed electrical work is (circle): High Risk | General | Low Risk

The homeowner has undertaken part of the electrical installation work.

Indicate the number of each item installed or altered:

Number of lighting outlets: 10 reconnected existing
Number of socket outlets: 11 circuits after EEC
Number of ranges: 1 repairs
Number of water heaters: _____

Other Work?

Circle if work includes:

Mains

MEN switchboard closest to point of supply

Main Earthing System

Electric Lines

5. Certification of Work

I certify that the completed prescribed electrical work to which this certificate applies, has been done lawfully and safely, and the information in the certificate is correct in that the installation, or part of the installation:

☒	Has been installed in accordance with a certified design.
☒	Has an earthing system that is correctly rated.
☒	Contains fittings which are safe to connect to a power supply.
☒	Relies on supplier's Declaration of Conformity (attach or reference)
☒	Relies on manufacturer's instructions (attach or reference)
☒	Has been satisfactorily tested in accordance with Electrical (safety) Regulations 2010
☒	Is safe to connect

Test Results:		
	Electrical Worker:	Inspector:
Polarity (Independent Earthing):		
Insulation resistance		
Bonding:		
Other:		
Electronic reference:		

Electrical Worker's Signature: [Signature]

Date: 12/11/15

6. Electrical Safety Certificate

I certify that the installation, or part of the installation, to which the Electrical Safety Certificate applies is connected to a power supply and is safe to use.
