PRICE BY NEGOTIATION

Adjacent to a reserve and set above the dunes with direct access to Tokerau Beach, this brick residence from 2017 occupies a rare 6,309sqm coastal holding on the coveted Karikari Peninsula. The scale is impressive, with 388sqm of solid construction, broad patios, and sliders that frame uninterrupted sea and headland views.

Inside, the aesthetic is intentionally simple and robust - ready to live now, and easy to personalise later. Two large living zones anchor the plan, flanked by three oversized bedrooms including a generous master suite with its own office or retreat. There is an abundance of storage that includes a four car garage with internal access. A double-wide driveway swallows boats, trailers and visitor parking without a shuffle.

The position is the show-stopper. Elevated for outlook and peace of mind, yet flat, usable and remarkably private, it gives you room for gardens, games, future additions, possible subdivision or an additional dwelling. Step off the lawn and onto kilometres of sand for morning swims, evening walks, surf casting and effortless summer hosting.

A beachfront estate with presence, practicality and potential—rare in any market, rarer still here.
