Annexure Schedule 2

1. The Grantor **hereby covenants and agrees** with the Grantee that each of the servient tenements set out in Schedule A (hereinafter referred to as the "Lots") shall be subject to the burden of the covenants set out hereunder for the benefit of each of the other dominant tenements set out in Schedule A.
2. To erect on the Lot only one new dwelling house (being a building that is to be occupied as a residence and including any building of similar design that is accessory to and used wholly, or principally, for the purposes of a residence) of an aggregate floor area of no less than 160m². No point of any building (except television aerials or chimneys no wider than 600mm) of any Lot will be higher than the lesser of 9 metres above the average original ground level around the perimeter of the building, or the relative height restriction contained in the District Plan applying to the Lot.
3. Each dwelling house shall be in accordance with plans and specifications submitted to Raumati Developments Limited or its nominee ("RDL") for prior approval with the objective of retaining an overall high standard of dwellings within the subdivision of the Land, with quality materials, textures and colours sympathetic to the environment. In view of this objective, RDL shall have complete discretion in granting or declining approval. As a guideline for obtaining RDL's approval, it is expected that a minimum of 80% of the exterior cladding of the dwelling will consist of the following materials:
 - Kiln fired or concrete brick.
 - Stucco textured finish.
 - Pre-painted galvanised iron in its various profiles.
 - Stone.
 - Timber.
 - Texture coated Insulclad or flat sheeting.
 - Pre-finished metal and timber weatherboard (such as Lockwood).
 - Timber weatherboarding or vertical boarding.
 - Texture coated or plastered concrete blocks.
4. All materials which are not pre-finished and which require painting must be painted within three months of attachment to a building on the Lot. This provision does not apply to:
 - Wood Shingles
 - Bricks
 - Splitstone
 - Vinyl Products
 - Natural Stone
5. No pre-used building materials are to be used in the construction of any dwellings or accessory buildings or fences on any of the Lots.
6. No pre-built building, including dwellings, farm or accessory buildings shall be transported onto any of the sites unless such pre-built building has first been approved by RDL. Any such building shall be new and constructed of materials which comply with the terms of this Covenant.
7. Prior to the commencement of construction of any new residential buildings on a Lot, no temporary building or tent nor any caravan, bus or tram (nor any other vehicle providing a similar temporary residential function) shall be permitted to remain on any Lot for any period in excess of six (6) weeks within any six (6) month period, and no such vehicle shall be permitted at any time without a current warrant of fitness and registration.

If this Annexure Schedule is used as an expansion of an instrument, all signing parties and either their witnesses or solicitors must sign or initial in this box.

(Continue in additional Annexure Schedule, if required.)

8. Once construction has been completed no tent, caravan, truck, bus, temporary building, trailer, boat, trail bike, machinery or unsightly object (not including any motor vehicle, small van or utility truck that is in good working order, repair and appearance) shall be parked or permitted to remain for any material period of time on any part of any Lot unless garaged or screened so as to preserve the amenities of the neighbourhood.
9. The Grantee shall not be liable to pay for or contribute towards the expense or erection or maintenance of any fence between the servient or dominant tenements, but this covenant shall not enure for the benefit of any subsequent purchaser of the dominant tenements.

If this Annexure Schedule is used as an expansion of an instrument, all signing parties and either their witnesses or solicitors must sign or initial in this box.
