Based on current market and comparable properties used by Trade Me, www.realestate.co.nz and REINZ to compare this property, I would consider the current market value to be appraised between:

\$660 - \$710 per week

Your Homely Journey

What your journey may involve from a marketing perspective.

- I would advertise the property for rent at \$710 per week.
- I would conduct private viewings and conduct these as soon as people enquire. This includes weekends and after hours.
- If there is little engagement then I would look to lower the rent to \$660 per week.
- Once a suitable tenant has viewed the property and applied then I would vet their application which includes: Conducting background and credit checks per applicant. Calling current and previous landlords to obtain information on what they are like as tenants. Call employers and other referees to obtain a reference for these tenants.
- I will collate all information and email this to you for you to review and make a decision on whether you are happy with these tenants.
- Please note: you have the final decision on the tenant selection. No tenant will be offered the property without your approval.

Because the property has been unavailable to view in person this is an estimate and not a true and accurate rental appraisal. To have an accurate appraisal completed it is recommended that someone from Homely attends the property to complete this.

This appraisal reflects current market conditions and relevant factors at the time of assessment. After the 30-day period, the appraisal is no longer valid and the price range that has been given should not be relied upon without a new assessment being completed.
