PRICE BY NEGOTIATION

Completed in 2025 and positioned on 8,666sqm of native bush within a gated estate just minutes from town, this 317sqm architectural residence is pure intent. Sheltered, private, and elevated above the harbour, it captures sweeping views to the Hen and Chicks Islands while remaining completely removed from the world below.

Strong horizontal lines. Bold overhangs. Floor-to-ceiling glass. Every angle considered. Every finish deliberate.

The living zone quite literally floats over the landscape - a dramatic lounge projecting into the canopy, creating the sensation of living in the treetops. Morning light filters through native bush. Evenings are framed by water and sky. It is immersive, protected, and utterly compelling.

The scale is generous without excess. Four bedrooms are well separated, including a refined master retreat. The kitchen is substantial and streamlined, anchored by engineered surfaces and integrated appliances. Solid oak floors run throughout the living spaces, adding warmth and weight to the clean architectural lines. Entertaining flows effortlessly to sheltered outdoor zones and expansive glazing that dissolves the boundary between inside and out.

Concrete, timber and glass combine to create texture and depth. Construction is exacting. Maintenance is minimal.

Private. Architectural. Uncompromising. Properties like this don't compete. They stand alone.
