Based on current market and comparable properties used by Trade Me, www.realestate.co.nz and REINZ to compare this property, I would consider the current market value to be appraised between:

\$700 - \$750 per week

Your Homely Journey

What your journey may involve from a marketing perspective.

- I would advertise the property for rent at \$750 per week.
- I would conduct private viewings and conduct these as soon as people enquire. This includes weekends and after hours.
- If there is little engagement then I would look to lower the rent to \$700 per week.
- Once a suitable tenant has viewed the property and applied then I would vet their application which includes: Conducting background and credit checks per applicant. Calling current and previous landlords to obtain information on what they are like as tenants. Call employers and other referees to obtain a reference for these tenants.
- I will collate all information and email this to you for you to review and make a decision on whether you are happy with these tenants.
- Please note: you have the final decision on the tenant selection. No tenant will be offered the property without your approval.

Further Notes

*This rental appraisal has been completed based off plans, photos or an online listing. Because the property has been unavailable to view in person this is an estimate and not a true and accurate rental appraisal. To have an accurate appraisal completed it is recommended that someone from Homely attends the property to complete this.

*The rental appraisal provided by Homely Property Management is valid for a period of 30 days from the date of issue. This appraisal reflects current market conditions and relevant factors at the time of assessment. After the 30-day period, the appraisal is no longer valid and the price range that has been given should not be relied upon without a new assessment being completed. It is recommended that an updated appraisal be completed to reflect any changes in the market conditions or other influencing factors.
