Continuation of Estate or Interest to be created

BACKGROUND:

The easements are granted as a condition of subdivision consent pursuant to Section 220(1)(f) Resource Management Act 1991.

THE PARTIES FURTHER AGREE:

1. Any terms used in this easement that are defined in the Land Transfer Regulations 2002 shall take those meanings.
2. The Grantor covenants with the Grantee not to place any buildings, erect fences or other permanent structures on the Stipulated Course without the prior written consent of the Grantee and the Grantor will not at any time commit or suffer any acts whereby the rights, powers, licenses and liberties hereby granted to the Grantee may be interfered with or affected. For the purposes of this clause any consent given under the Building Act 2004 shall not be regarded as written consent for the purposes of this easement.
3. The maintenance provisions in the Fourth Schedule to the Land Transfer Regulations 2002 are modified by adding the following:

Any maintenance, repair or replacement of the easement facilities that is necessary because of any act or omission by the Grantor must be carried out promptly by the Grantor at the sole cost of the Grantor or in such proportion as relates to the act or omission.
4. The Grantee may convey or discharge water or sewage in any quantities.
5. The Grantee's rights to the easement facility or facilities under this easement are exclusive.
6. Nothing contained or implied by this easement shall be deemed to compel the Grantee to convey sewage or to drain water along the Stipulated Course.
7. Any rights or immunities from liabilities, powers and remedies which the Grantee may have or be entitled to by virtue of statute or common law shall not be affected by the easement and the Grantee may exercise any such other powers vested in it at common law or by statute independently of these grants of easements.
